# MANAGEMENT DISCUSSION AND ANALYSIS

### OVERVIEW OF GROUP OBJECTIVES AND STRATEGIES

AbleGroup Berhad's primary objective is to create long term value for our stakeholders through supply and installation of building materials business and deriving a secured income stream and cash flow from our property assets.

The year 2023 unfolded against the backdrop of grappled efforts to regain normalcy post the COVID-19 pandemic and new economic challenges. Malaysia's economic growth was 3.7% in 2023, just shy of government's projection for a 3.8% expansion. According to the Bank Negara Malaysia, the growth is moderated amid a challenging external environment due to slower global trade, the global tech downcycle, geopolitical tensions and tighter monetary policies.

#### **Our Strategies**

Having considered the soft sentiment and challenging outlook of the property market and economic conditions, we have completed a disposal of a unit of office suite at Centro Business Centre, Klang, Selangor Darul Ehsan for RM0.730 million, enabling the Group to unlock the value and monetise its investment property with a net gain on disposal of RM0.134 million.

Atlas Rhythm Sdn Bhd, a wholly-owned subsidiary of the Company, has also entered into a tenancy agreement with Edisi Kilat Sdn Bhd for the rental of its vacant land bank located in North Kiara near Mont' Kiara in Kuala Lumpur, aligned with the Group's objective to provide secured income and cash flow to the Company when its tenancy period commences.

Our building material business was driven by higher amount of billings from contracted works for business premises, private residences, cinemas, hotels and restaurants. These contracts involved renovation (interior and external) works where we supply, deliver and install specified stoneworks based on the construction drawings.

Our retail sales have also increased and contributed to the revenue of the Group supported by our improved marketing strategies including selling to past subcontractors who managed to secure some private residential and commercial contracts, direct supply to restaurants, offices and business premises, as well as supplying labour for repolishing marble and granite floorings maintenance to some of our recurrent customers.

#### **FINANCIAL PERFORMANCE REVIEW**

#### **SUMMARY OF 2023 RESULTS**

In financial year ended 31 December 2023 ("FYE23"), AbleGroup Berhad recorded consolidated revenue of RM5.492 million, an increase of RM1.042 million or 23% from the revenue of RM4.450 million in the preceding financial year ended 31 December 2022 ("FYE22"). The growth of revenue in FYE23 is mainly driven by the higher billing of works for Techvance Hotel, MK27, KL Eco City and the private residence in Ampang Hilir. Revenue from retail sales in FYE23 has also increased to RM1.305 million from RM1.035 million in FYE22.

With the higher revenue in FYE23 plus measures taken to control the operational costs, the Group recorded a net profit of RM0.598 million after impairment loss on trade receivables of RM0.167 million and a net gain on disposal of a unit of office suite of RM0.134 million as compared to the net profit of RM0.067 million in FYE22 which included provision of stock obsolescence of RM0.100 million.

### MANAGEMENT DISCUSSION AND ANALYSIS (Cont'd)

#### **OPERATIONAL REVIEW**

#### A) BUILDING MATERIAL SEGMENT

Syarikat Bukit Granite Sdn Bhd ("SBG"), the main contributor to the Group's revenue, is principally engaged in the building material business encompasses the processing, trading, exporting and contract workmanship of high quality marble and granite slabs.

Backed by more than two decades of experience, SBG had passionately strive to pair together the beauty of natural stones with the technical expertise in its fabrication works to meet and exceed the varied and high quality expectations of our valued customers. Our capability stems from the fact that we have our own sizing plant in Sg Buloh, Selangor which is equipped with technologically advanced machineries and supported by a team of well-trained workers in delivering precision cutting and quality finishes.

Our core products comprise of a variety range of natural marble and granite. Recognising the customer's perception that quality and price are the predominant factors in deciding on a purchase, the Company embarks on a constant review to expand its range of granite and marble products through extensive sourcing efforts and fabricated in our sizing plant for better control on quality and continuity in supply. With a wider and varied range of products, we are able to offer customers with more choices of selection at competitive prices. Secondly, we believe in delivering quality products through stringent QAQC measures being instituted at different stages of processing to ensure compliance with QAQC standards. At the same time, we believe in operational cost efficiencies and control so that we are able to provide more competitive pricing for our customers.

The pandemic has changed the way business is carried out in many sectors. With the increased use of the internet and social media, SBG had also embarked on E-Commerce as its marketing platform by maintaining a website: www.sbgstones.com to create greater awareness on the Company, inculcate corporate identity and branding for its varied range of products.

In addition, we promote our BeSpoke Furnitures through our website, where our elegant and customised crafted stoneworks products are catered for the mid to high range market segments. The BeSpoke Furnitures received favourable and encouraging responses from walk-in customers and we will continue to enhance the range of our product offerings with the objective to increase the diversity of our customer base and revenue source to the Group.

SBG has maintained positive momentum in FYE23 with the higher billing of works for its supply and installation of stoneworks contracts. Notably our retail sales have also improved from the effort we placed in delivering our granite and marble products. SBG will continue to improve on the measurable operating expenses for cost efficiencies while maintaining good cashflow management to sustain the business for long term.

#### B) PROPERTY DEVELOPMENT SEGMENT

Atlas Rhythm Sdn Bhd ("Atlas") is a wholly owned subsidiary involved in the property development of the piece of 1.214 hectares freehold land located in North Kiara near Mont' Kiara in Kuala Lumpur.

On 4 March 2024, Atlas, as the landlord, has entered into a tenancy agreement with Edisi Kilat Sdn Bhd ("Edisi"), as the tenant, for the rental of the land ("Transaction"). The salient terms of the tenancy agreement include, but not limited to, rental of RM40,000 per month for three (3) years from the commencement date with option to renew for further one (1) year at a rental to be mutually agreed by both parties. The commencement date refers to a date within one (1) year from the date of the tenancy agreement or upon issuance of Certificate of Completion and Compliance for the temporary retail centre erected on the land, whichever is earlier.

The Transaction is expected to provide secured income and cash flow to the Company during the tenancy period and is in the best interest of the Group.

## MANAGEMENT DISCUSSION AND ANALYSIS (Cont'd)

#### **FUTURE PROSPECTS**

Looking ahead, Malaysia's economy is anticipated to grow faster at 4.4% in 2024 from 3.7% in 2023 driven by a rebound in exports amid sustained consumer spending and investment growth. Government initiatives to support household spending through cash transfers to targeted groups and the growing social commerce trend are expected to boost private consumption. Private investment is poised to accelerate further driven by improved business environment in consonance with positive response towards Government's strategies and measures in attracting high-tech and high-value investments via the new National Energy Transition Roadmap (NETR) and New Industrial Master Plan 2030 (NIMP 2030).

For the building material business, we will continue to pursue new jobs to add to our order books which stood at RM0.833 million at the end of FYE23. SBG has tendered for potential jobs with value totalled RM2.462 million, and anticipate a good success rate which will contribute positively to the financial performance of the Group in the financial year 2024.

As we progressively improving our strategy, aligning our business to growth and value opportunities, we will continue to pursue cost optimisation activities within the Group to drive operational efficiency and focus on growing its brand name through enhanced workmanship quality and development of our core competencies.

### SUSTAINABILITY STATEMENT

In 2023, we have placed an emphasis on the community as we take cognisance that the long term health of our business is linked to the health of the community we serve. We strive to create meaningful and inclusive contributions for everyone impacted by our operations.

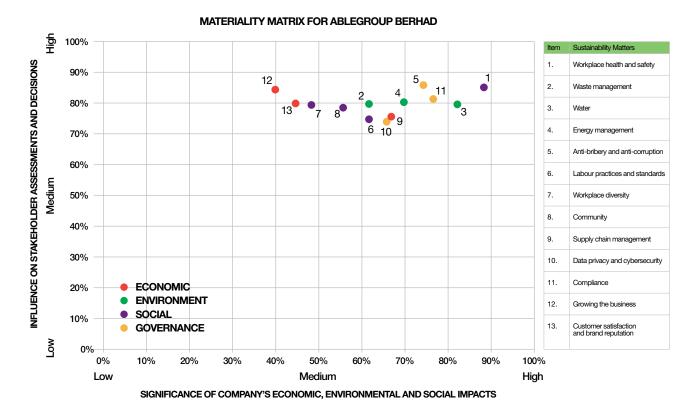

#### **Managing Material Sustainability Matters**

Material assessment is important to identify EES risks and opportunities that are material to our business operations and of importance to the stakeholders. The assessment helps identify and prioritise the wide-ranging sustainability matters of the organisation and refines the focus to those material matters that are relevant from the perspective of key stakeholders with understanding of the impact of material matters on the Group's business in a holistic approach.

To ensure that our material sustainability matters remain up to date and relevant with stakeholders' priorities, once again we conducted a materiality assessment in 2023. As part of the assessment, the material sustainability matters were benchmarked against the sustainability reporting guidelines, reporting framework and standards.

Following the review, we have generated the 2023 Materiality Matrix to reflect the current interests of our stakeholders. The materiality matrix generated from this process is used as a sustainability lens to assess the priorities of the Group's business. It presents the scope of the Group's operations to balance its short term business prospects with its long term vision for business resilience and sustainability.

Our material assessment and matrix reveal that material matter 'Workplace Safety' remains our priority that we continue to maintain a healthy workforce and safe workplace for a sustainable business. We have taken note of the rising urgency to tackle the issue of climate change and its impacts to our operations and long-term sustainability, cohesively supporting government's efforts to transition to a low-carbon economy by 2050. As these issues are increasingly interconnected and can often impact each other, we are gradually moving toward a more holistic approach to managing sustainability.

#### 1. Workplace Health and Safety

The Group recognises that the safety and well-being of its employees in a safe workplace environment not only fosters employee satisfaction but also cultivates a conducive setting wherein individuals can effectively fulfil their job responsibilities. The Group strives to provide a safe and healthy working environment for all employees and customers.

We give top priority to worker safety by promoting various health and safety practices at the workplace. Fire drills, fire marshal training and safety awareness briefings are in place made available to all staff including newcomers during operation process. We have also regularly assessed health and safety at the workplace, discuss mitigation plans for safe working conditions, besides conducting awareness and training programs for workers.

We continue to maintain a stellar record with no major occupational accidents or injuries incident recorded in 2023, underscoring our unrelenting commitment to enforcing workplace safety and healthy workforce for a sustainable business.

#### 2. Waste Management

We recognize the importance of environmental protection for the long-term sustainability of our business. In line with this commitment, we have proactively undertaken various initiatives to cultivate recycling habits and encourage responsible waste management practices among our staff.

#### i) Waste disposal

The Group is aware one of the key factors in the sustainable supply and installation works is responsible waste management which refers to the sustainability of the environment and economic prosperity. While the amount of waste generated from operations is a function of its throughput volume, where possible, we strive to reduce and manage waste generated wherever feasible. Secondly, on handling of disposal of waste as natural stone waste, the Group engages specialised contractor whom transport and recycle waste generated for the use of soil stabilization in low line areas.

In 2023, we have incurred transportation costs for waste disposal of 19 trips amounting RM4,720 compared to the 12 trips in 2021 amounted RM2,720.

#### 2. Waste Management (Cont'd)

#### ii) Recycling wooden crates

It is normal in the stone industry, to use wooden crates for packing of its granite and marble panels for delivery to the site. These wooden crates are extensively being used throughout the movement of our stocks before deliveries to the site locally.

As a concerted effort, the Company is committed and engaged in recycling these wooden crates that are still durable for subsequent reuse. Such efforts besides cost savings, will evidently reduce our consumption of the timber that is procured to make the wooden crates.

#### iii) Reused resource (usage of paper)

The Group is aware of the importance of paper and its volume of usage. As we have pledged ourselves to environmental awareness, a conservative approach on paper usage is communicated to all staff and employees. The Group's initiatives in undertaking the following actions with the aim of preserving the environment include:

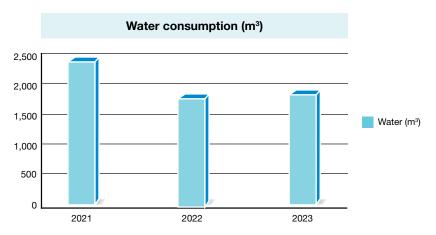

- i. Used papers, recycled papers and boxes are sent for recycling.
- ii. Reuse recycled paper
- iii. Print double sided
- iv. Reduce usage of paper via email communications and projector

#### 3. Water

Water is increasingly valuable resource and having a stable water supply is crucial to our business operation. Our water conservation effort includes educating our employees the needs to conserve water and improving the efficiency in the usage of water.

The water consumption at our factory for the past 3 financial years from 2021 to 2023 are 2,497 m³, 1,910 m³ and 1,929 m³ respectively, as show in the chart.

#### 3. Water (Cont'd)

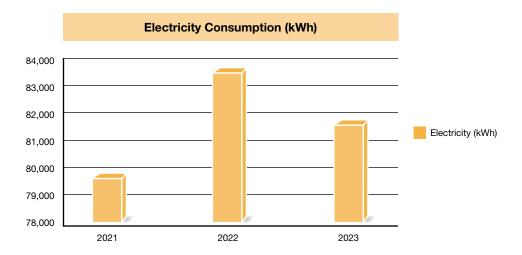

The Group adopts a responsible approach to water usage, striking a balance between operational and cost efficiency, minimising water impact, and effectively allocation available resources. Ongoing efforts focus on identifying opportunities to reduce, recycle or reuse water in operations. Our water consumption improves from these practices among our employees while continue to cater for the increasing level of business activities over the years.

#### 4. Energy Management

Energy management is a key focus area to reduce our emissions impact, with electricity being our primary energy source and a significant contributor to both costs and carbon emissions. The effects of climate change are becoming more evident in increasing climate events such as floods, typhoons, heat waves, forest fires and droughts, amongst others.

Our commitment involves minimizing carbon emissions through conserving energy. Efficient energy management not only leads to streamlined operations, reduced electricity consumption, but also enhances overall cost savings.

Total energy consumption at our factory and building for the past 3 financial years from 2021 to 2023 are 80,025 kWh, 83,884 kWh and 82,002 kWh respectively, as illustrated in the chart.

The Group actively explores opportunities where energy savings and improving our energy efficiency through various measures can be achieved, including the replacing lightings with LED alternatives and constant reminders to turn off the lights, air-conditioners, and computers when not in use.

Notably, while our level of business volume has increased over the past 3 years, our electricity consumption improves in 2023.

#### 5. Anti-Bribery and Anti-Corruption Policy

The Group has adopted a zero-tolerance policy against all forms of bribery and corruption, which includes facilitation payments, kickbacks, as well as gifts, entertainment, or anything of value given in an attempt to affect a person's actions or decisions in order to gain or retain a business advantage. The policy is also applicable to persons associated with the Group including vendors, suppliers and business partners.

In order to maintain the highest standard of integrity, the Group has, amongst others, conducted due diligence inquiries to review the prospective business counterparties, all parties are made aware of the Group's policy, to sign and declare if there is conflict of interest, and has maintain a whistleblowing channel for employees or business partners to report any misconduct or malpractice within the Company and the anonymity of the whistleblower who lodge a complaint or report in good faith is protected. The Whistle Blowing Policy and Anti-Bribery & Anti-Corruption Policy are available at www.ablegroup.com.my.

During the year, there was neither whistleblowing case reported nor incident of corruption or penalty for non-compliance with laws and regulations.

#### 6. Labour Practices and Standards

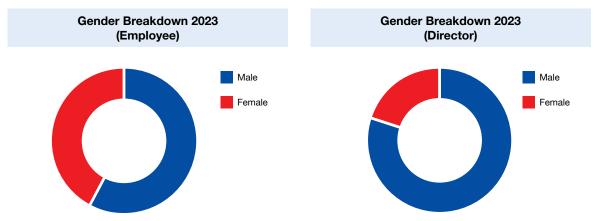

We are committed to provide and respect fundamental human rights and safeguarding against violations of human rights. Our dedication extends to ensuring freedom from forced and child labour, adherence to minimum wages and fair compensation and provision of reasonable working hours as stipulated by the Malaysian Employment Act 1955. We believe that strong human rights practices with fair and ethical treatment will help in improving productivity and promoting a healthy working culture.

Our pledge encompasses the establishment of an anti-discriminatory and anti-harassment workplace, that is safe and healthy and above all, ethical in conduct. All our employees receive equal treatment based on their relevant merits and competency regardless of gender, race, ethnicity, nationality, religion, age, physical condition, sexual orientation, marital status, employment status or political affiliation. We are also committed to addressing any concerns or issues that may arise within our organisation through direct and constructive dialogue with the employees.

#### 7. Workplace Diversity

We believe that a diversified and inclusive workforce would enhance innovation, creativity, strategic thinking and social awareness which are essential in carrying the duties to meet the expectations of our customers and market demands. We ensure all employees have fair and equal opportunities and access to workplace resources.

At the end of 2023, our total workforce is 12 people. Approximately 42% of the total workforce were female, with 17% holding managerial positions. Our employee and director breakdown by gender for 2023 are displayed in the graphs as follows:-

#### 8. Community

A sustainable business should have the support and approval of its employees, stakeholders and the community it operates in. We are determined to fulfil our role as a responsible corporate citizen by giving back to the surrounding community in which we operate and to create an equitable and harmonious relationship between our business and the community.

Our community programs focus on community good health and well-being encompassing health and safety measures in our business operation, environmental and social benefits and impact caused by our business activities as well as providing local employment.

#### 9. Supply Chain Management

The Group is dedicated to promoting responsible procurement practices and enhancing our supply chain resilience by incorporating sustainability elements throughout our procurement lifecycle. In a commitment to support the local economy and foster community development, we procure locally and also engaging with nearby suppliers. For 2023, our factory's entire purchasing worth about RM1.007 million was spent on local suppliers. This practice not only contributes to the domestic economy but also aids in minimizing environmental impacts associated with our business activities by sourcing materials locally.

We aim to build a robust, sustainable, and responsible supply chain that aligns with our community values, uphold confidentiality, prevent conflicts of interest, and ensure ethical dealings with suppliers. As part of the Group's Anti-Bribery and Anti-Corruption Policy, we have notified our suppliers, vendors, and contractors to maintain the highest standards of integrity, accountability and professionalism in our business dealings and relationships as well as our zero tolerance policy against all forms of bribery and corruption.

#### 10. Data Privacy and Cybersecurity

In the recent years, data has become more susceptible to cybersecurity risks. Consequently, we have a responsibility to manage the growing threat of cyber-attacks.

Our Group adheres fully to the Personal Data Protection Act 2010, and consistently upholds rigorous privacy and cybersecurity measures to safeguard the confidentiality of data stored for clients, customers, and internal teams.

We have an established firewall system, shielding our networks from external cyber threats. To combat phishing emails received by employees, ongoing training is provided to help them distinguish between genuine and deceptive emails.

In 2023, there were no recorded data breaches, and no complaints were received regarding customer data losses or breaches of customer privacy.

#### 11. Compliance

The Board recognises that sound governance structure is essential to ensure transparency and accountability throughout the business operations for long-term sustainable growth of the Group. Good corporate governance and compliance is vital as it provides a foundation for the instilling of ethical behaviour within the Group.

The adopted Board Charter sets out respective roles and responsibilities of the Board, Board Committees, individual Director and the Management. It outlines inter-alia, the processes and procedures for the Board and its Committees in discharging their stewardship effectively and efficiently. The Board Charter is available on the Company's website at www.ablegroup.com.my.

The Code of Conduct and Ethics of the Group governs the conduct of all the employees including the Board with the aim to cultivate good ethical conduct, based on the core principles of integrity, transparency, fairness, accountability and contributing towards the social and environmental growth of the surroundings in which the Group operates.

#### 11. Compliance (Cont'd)

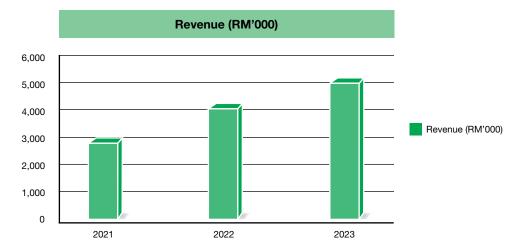

The Board, together with the Senior Management team led by the Managing Director, are committed to ensuring that the Group practices the standard of corporate governance and transparency in line with the principles and recommendations of the Malaysian Code on Corporate Governance to achieve the Group's objective and enhance shareholders' value.

With strict adherence to our corporate governance principles and compliance to regulations, there were no incidents of non-compliance against regulatory requirements in 2023.

#### 12. Growing the Business

Striving for business prosperity, viability, and sustainability is essential for generating long-term value for both stakeholders and shareholders. It is imperative to maintain competitiveness in the market and strengthen our market position. Our emphasis in this regard involves consistently exploring growth opportunities and enhancing range of products to our customers and strives to achieve operational cost efficiencies and control so that we can provide more competitive pricing for our customers.

For details of our financial results, please refer to the Management Discussion and Analysis and the Audited Financial Statements in this Annual Report, a summary of revenue for the past 3 financial years from 2021 to 2023 of which is illustrated below:-

#### 13. Customer Satisfaction and Brand Reputation

Keeping customers satisfied is a fundamental building block to growing the business. Customers play an instrumental role in the long term growth of our business and therefore we highly value our customer feedback and ability to meet customer demand.

The Group strives to achieve and maintain high quality values in our products and services to create sustainable competitive advantages through stringent QAQC measures being instituted at different stages of processing to ensure compliance with QAQC standards. Regular meetings are conducted throughout our service to keep customers informed about work progress, and we actively seek their feedback progressively. Customer feedback is integral to our continuous improvement process, underscoring our dedication to incorporating valuable insights from our customers.

Keeping customers engaged and satisfied not only fosters brand loyalty but also contributes to positive social impact, creating vibrant and inclusive communities.

# CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board of Directors ("Board") of AbleGroup Berhad ("Company") recognises the importance of adopting good corporate governance practise and is fully committed to ensuring that the Company and its subsidiaries ("Group") continue to uphold the standards of corporate governance and transparency in line with the principles and recommendations of the Malaysian Code on Corporate Governance ("Code") to achieve the Group's objective and enhance shareholders' value.

The Board is pleased to report the Company's application of the principles and practices of the Code during the financial year ended 31 December 2023 ("FYE23").

This Statement should be read together with the Corporate Governance ("CG") Report 2023 of the Company which is available on the Company's website at www.ablegroup.com.my.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

#### I. BOARD RESPONSIBILITY

#### Clear functions of the Board and Management

The Board plays a vital role in overseeing the Group's business operations and performance and ensuring the Group's objectives are met and shareholders value are maximised.

The Group continues to be led by an experienced Board, with high personal integrity, business acumen and management skills, which is primarily entrusted with the responsibility of charting the direction of the Group.

The roles and responsibilities of the Chairman and Managing Director are separated to ensure appropriate balance of power and authority, clear division of responsibilities and accountability at Board level.

The Chairman is primarily responsible for ensuring that the conduct and function of the Board is in an orderly and effective manner besides providing leadership for the Board whilst the Managing Director ensures that the daily business operations are properly managed, drives and provides strategic direction and guidance and ensures effective implementation of Board policies and procedures. The Managing Director lead a team of senior personnel who is responsible for the execution of business plans and strategies, policies and decisions approved by the Board, updating and communicating the progress to the Board from time to time. The responsibilities and authorities of the senior management team are clearly defined.

#### **Clear Roles and Responsibilities**

There are five (5) members on the Board comprising the Managing Director, two (2) Independent Non-Executive Directors including the Chairman of the Board and two (2) Non-Independent Non-Executive Directors.

The presence of the Independent Directors ensures unbiased perspective and independent opinion and objective judgment in board deliberations. The Independent Directors act independently of Management and are not involved in the day-to-day operations of the Group.

The main duties and responsibilities of the Board include:-

- > Setting the objectives, goals and strategic plan for the Group;
- Adopting and monitoring the progress of the Group's strategy, budgets, plans and policies;
- Overseeing the conduct of the Group's business and evaluating whether the business is being properly managed to sustain the value for shareholders;
- Considering and approving the matters reserved for the Board covering corporate policies, material investment and/or acquisition/disposal of assets;
- Promoting better investor relations and shareholders' communications;
- > Reviewing the adequacy and integrity of the Group's internal control systems and management information systems, including systems for compliance with applicable laws, regulations, rules, directives and guidelines; and
- > Ensuring that the Group's financial statements are true and fair and conform with applicable accounting standards.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

#### I. BOARD RESPONSIBILITY (CONT'D)

#### Clear Roles and Responsibilities (Cont'd)

The Board has delegated specific oversight duties to the Board Committees namely the Audit Committee ("AC"), Remuneration Committee ("RC") and Nomination Committee ("NC"), each with defined terms of reference and responsibilities the details of which are available on the Company's website.

For matters reserved for the Board including those that have a material impact upon the Company or its subsidiaries, recommendations would be presented to the Board for approval upon review and due consideration by the Board Committees. The Board receives reports and minutes of the Committees' proceedings and deliberations at their respective meetings. The Chairman of the Committees report to the Board key matters discussed and the outcome of their meetings and relevant decisions are recorded in the minutes of the Board of Directors' meetings accordingly. The oversight functions and activities undertaken by the Board Committees are elaborated in their respective reports as set out in this Annual Report.

The Board is satisfied with its current composition with appropriate mix of skills, knowledge and experience including the business commercial and industry experience of the members which are essential to enable the Board to carry out and discharge its duties and responsibilities in an effective and efficient manner.

#### Access to Information and Professional Advice

The Board recognises the importance of providing timely, relevant and updated information to the Board in ensuring an effective review and deliberation prior to the Board making an informed decision.

To this end, the Board is provided with pertinent quantitative and qualitative information including management reports, comprehensive review and analysis of the Group's performance and operations for review. Board notice and agenda together with the relevant documents and reports are compiled and distributed to the Directors prior to the Board meetings for perusal to enable them to have sufficient time to review and be prepared for discussion.

The Managing Director and/or key management personnel will brief and provide explanation or justification of pertinent issues and/or recommendations of the Management on the proposal(s) being tabled. Matters requiring the Board's review and approval will be deliberated and discussed thoroughly by the Board prior to decision making. The minutes that record the proceedings of the Board meetings will be circulated within a reasonable timeframe for comments and signed by the Chairman at the following Board meeting of the Company. The approved minutes will serve as an official record of the board meeting which should then be enter into the minutes book accordingly. Decision made and/or policies approved by the Board will appropriately be communicated to the Management Team for execution after the meeting.

To facilitate effective review by the Board, members of the Management Team will be invited to attend Board/Board Committees' meetings to update on the status/progress and report to the Board specific areas of the business within their responsibility to enable the Board members to seek further details or clarifications on the matters being discussed. The Chairman of the Board ensures that the Directors share their views and insights in the course of deliberation and participate in the discussions for effectiveness.

Board members are updated on the Company's activities and its operations on periodic and/or quarterly basis. To facilitate the Directors' effective time planning, the annual meeting calendar setting out the scheduled dates for the meetings of the Board, Board Committees and annual general meeting is prepared and circulated in advance by the Company Secretary to enable the Directors to plan effectively. All Directors and Principal Officers of the Group are also reminded quarterly of the closed periods for dealings in the securities of the Company based on the targeted date of announcement of the Group's interim financial results. All Directors whether as a full board or in their individual capacity have access to all information of the Group on a timely manner in an appropriate form and quality necessary to enable them to discharge their duties and responsibilities.

All Directors have access to the advice and services of the Company Secretary on matters relating to procedures regulating the Group and necessary compliance by the Group. The Directors, in their individual capacity or collectively, may take independent professional advice in furtherance of their duties, whenever necessary and in appropriate circumstances, at the Company's expense. If such advice is considered necessary, it shall first be discussed with the Chairman of the Board.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

#### I. BOARD RESPONSIBILITY (CONT'D)

#### **Anti-Bribery and Anti-Corruption**

The Group had in place a zero-tolerance policy against all forms of bribery and corruption. In conformance with the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Securities") ("Listing Requirements"), the Group had adopted the anti-bribery and anti-corruption action plans that aim to prevent the occurrence of corrupt practices in relation to the business dealings and activities of the Group.

The Anti-Bribery and Anti-Corruption Policy adopted by the Group sets out the commitment of the Group towards the prevention, deterrence and detection of fraud, bribery and all other corrupt business practices, amongst others, and applicable to all the companies and employees of the Group, Board of Directors and stakeholders including all third parties, contractors, vendors, suppliers, agents, consultants, business partners and any person associated with the Group. The Policy shall be read in conjunction with the existing framework of all applicable laws, rules and regulations as well as the Group's Whistleblowing Policy and Code of Conduct and Ethics.

The Anti-Bribery and Anti-Corruption Policy is published on the Company's website.

#### **Whistleblowing Policy**

The Whistleblowing Policy set out the framework and mechanism by which genuine and legitimate concerns could be raised by employees, directors and others including vendors or contractors, and provides a platform for those concerns reported by directors, employees and members of the public to be investigated and for appropriate action to be taken to ensure that the matter is resolved effectively and within the Company wherever possible.

Under the whistleblowing framework, the whistleblower should communicate a reportable misconduct to the Chairman of Audit Committee at:

AbleGroup Berhad Block D4-U2-10 Level 2, Solaris Dutamas No. 1, Jalan Dutamas 1 50480 Kuala Lumpur

The Whistleblowing Policy is published on the Company's website.

#### II. BOARD COMPOSITION

The current composition of the Board that comprises the Managing Director, two (2) Independent Non-Executive Directors and two (2) Non-Independent Non-Executive Directors fulfils the provisions of paragraph 15.02(1) of the Listing Requirements of Bursa Securities that requires one-third (1/3) of the Board Members of the Company to be independent directors.

The Independent Non-Executive Directors bring their independent and objective view and judgment to Board deliberation and decision-making process, mitigate risks due to conflict of interest or undue influence from interested parties.

The composition of the Board not only reflects the broad range of experience, diverse perspective and insights, skills and knowledge required to oversee the Group business activities, but also the importance of independence in decision-making at the Board level.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

#### II. BOARD COMPOSITION (CONT'D)

#### **Boardroom and Workplace Diversity**

The Board is committed to provide a fair and equal opportunities and nurturing diversity in the boardroom and workplace. The Board acknowledges that Board membership should be determined based on a candidate's skills, experience, and knowledge in areas identified by the Board.

In compliance with the enhanced Listing Requirements of Bursa Securities mandating a listed issuer to have at least 1 woman director on its board, the Board has appointed Ms Chong Wei Koon as a Non-Independent Non-Executive Director of the Company on 31 May 2023.

The Board will also seek to ensure the development of diversity in the senior management roles within the Group and supports and oversees the Group's objective of achieving senior roles held by female executives and to develop opportunities for female executives to ensure unbiased career progression opportunities.

#### Fit and Proper Policy

The Fit and Proper Policy adopted for the Directors aims to guide the Board and the NC in their review and assessment of potential candidates for appointment as Directors as well as existing Directors who are seeking for re-election. The Directors must possess the character, integrity, relevant range of skills, knowledge, experience, competence and time commitment to carry out their duties and responsibilities effectively in the best interest of the Company and its stakeholders.

The Board and NC shall be responsible for conducting assessments on the fitness and propriety of Directors with reference to the fit and proper criteria as spelt out in the Policy and make the relevant recommendation to the Board. Fit and proper assessments on each Director may be conducted by the Company whenever the Company becomes aware of information that may materially compromise a director's fitness and propriety.

#### Annual Assessment of Board effectiveness and Independence

The Board, through the NC and facilitated by the Company Secretary, has during the financial year under review carried out annual assessment on the effectiveness of the Board and Board Committees.

The NC also assesses the independence of the Independent Non-Executive Directors annually based on the established criteria to ensure that the Independent Non-Executive Directors continue to provide unbiased, objective and independent views and judgement in Board deliberations.

The assessment criteria for independence shall not limit to the length of service of the Independent Non-Executive Directors. Particular emphasis is placed on the role of Independent Non-Executive Directors to facilitate independent and objective review and decisions making of the Group, free from undue influence and bias.

The Board and NC have assessed and noted that all the Independent Non-Executive Directors continue to demonstrate conduct and behaviour that are essential indicators of independence, and that each of them continues to fulfil the prescribed definition and established criteria of independence.

The Code provides that the tenure of an independent non-executive director does not exceed a cumulative term limit of nine (9) years. Upon completion of the nine (9) years, an independent director may continue to serve on the board as a non-independent director. If the board intends to retain an independent director beyond nine (9) years, it should justify and seek annual shareholders' approval through a two-tier voting process.

The NC and the Board have assessed the independence of the Independent Directors of the Company and is of the view that a Director's independence cannot be determined solely with reference to tenure of service. The Group benefits from having long serving directors who have accumulated valuable knowledge of the Group's operations and have demonstrated competence in advising and overseeing the management of the Group.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

#### II. BOARD COMPOSITION (CONT'D)

#### **Fostering Commitment**

All Directors are expected to devote sufficient time and attention to carry out their duties and responsibilities. In this regard, annual meetings timetable is circulated to the Board with details of the proposed scheduled date of meetings of the Board and Board Committees to enable the Directors to plan ahead.

The Board Charter provides that all Directors should notify the Chairman before accepting any new directorship.

#### **Board Meetings**

The Board meets on a quarterly basis with additional meetings held whenever necessary. There were five (5) board meetings held during the financial year ended 31 December 2023 and the attendance record is as follows:-

| Directors          | Meetings attended |
|--------------------|-------------------|
| Yeoh Chong Keat    | 5/5               |
| Dato' Lim Kim Huat | 4/5               |
| Loi Heng Sewn      | 5/5               |
| Cheong Marn Seng   | 5/5               |
| Chong Wei Koon     | 2/2               |

#### **Directors' Training**

The Board takes cognisance that continuous education is vital for the Board members to gain insight and keep abreast with the state of economy, manufacturing, technological advances in the core business, latest regulatory developments and governance of sustainability matters including risk and opportunities.

It is important for Directors to attend training programmes to continually update and enhance their skills and knowledge and to keep abreast with prevailing law and requirements, development in regulatory, corporate governance and sustainability issues relevant to the Company and its business.

The training programmes attended by the Director during the financial year ended 31 December 2023 are summarised as follows:-

| Date of Training    | Subject  |
|---------------------|--|
| 26 & 27 June 2023   | Mandatory Accreditation Programme (MAP)                                |
| 1 & 2 August 2023   | National Tax Conference 2023   |
| 17 August 2023      | Advocacy Sessions for Directors and CEOs of Main Market Listed Issuers |
| 3 October 2023      | Management of Cyber Risk   |
| 25 October 2023     | 2024 Budget Seminar  |
| 8 & 9 November 2023 | Mandatory Accreditation Programme Part II: Leading for Impact (LIP)    |

The Board is satisfied that the Directors have gathered sufficient experience and knowledge from their daily business activities to assist them in the discharge of their duties and responsibilities.

#### PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

#### III. REMUNERATION

#### **Directors' Remuneration**

The RC's primary responsibility is to review and recommend to the Board the remuneration package of the Executive and Non-Executive Directors. The objective is to ensure that the Group attracts and retains Directors of the calibre needed to run the Group successfully. The Executive Director is to be appropriately rewarded giving due regard to the Group's performance. In the case of Non-Executive Directors, the level of remuneration should be appropriate to the level of responsibilities undertaken by the Non-Executive Directors concerned, taking into account the effort and time commitment and responsibilities of the Directors including their appointment in the Board Committees.

The Group also reimburses reasonable expenses incurred by Directors where required, in the course of carrying out their duties as Directors.

The Directors will abstain from discussion and voting on decisions in respect of their own remuneration. In compliance with the Companies Act 2016, the Board shall recommend the payment of Directors' fees and allowance of the Non-Executive Directors for approval by the shareholders at the AGM of the Company.

Details of Directors' remuneration for the financial year ended 31 December 2023 are set out below:-

#### PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

#### **Audit Committee ("AC")**

The AC of the Board comprises three (3) members, with a majority being Independent Non-Executive Directors, one of whom is the member of the Malaysian Institute of Accountants.

The AC has established formal and transparent arrangements to maintain an appropriate relationship with the External Auditors of the Group. This includes undertaking annual evaluation to assess the suitability, independence, objectivity and professional scepticism of the External Auditors. The Auditors will highlight to the AC and the Board on matters that require their attention.

During the financial year ended 31 December 2023, the AC has conducted private sessions with the External Auditors without the presence of the Management on 24 February 2023, 5 April 2023 and 24 November 2023 to discuss material matters relating to the audit and the assistance provided by the Management to the External Auditors. The AC noted that there were no major issues within the Group that requires the attention of the AC.

The AC has, in the adopted External Auditors Policy, provides amongst others, that the former key audit partners of the External Auditors to observe a cooling-off period at least three (3) years before being considered for appointment as a member of the Audit Committee.

The AC was satisfied with the External Auditors' independence, suitability, and the quality and candour of the communication with the AC and the Company and had recommended to the Board their re-appointment as Company's Auditors at the Company's AGM.

A summary of the activities of the AC during the year under review is set out in the AC Report in this Annual Report.

#### **Risk Management and Internal Control**

The Board acknowledges its responsibility and re-affirms its commitment in maintaining a sound risk management and internal control system to safeguard the interest of shareholders and the Group's assets. The responsibility of reviewing the adequacy and integrity of the Group's risk management and internal control system is delegated to the AC which is empowered by its Terms of Reference to seek assurance on the adequacy and integrity of financial, operational and compliance control and internal control system and risk management procedures through independent reviews carried out by the internal audit function and management.

The Board through the AC has established an ongoing process in identifying, evaluating and managing significant risks faced by the Group. This ongoing process which includes updating the risk management and internal control system when there are changes in the business environment or regulatory guidelines is reviewed by the Board.

The Board recognises that risk cannot be totally eliminated and the system of internal control instituted can only help to minimise and manage risk and provides reasonable assurance that assets of the Company and of the Group are safeguard against material loss and unauthorised use and the financial statements are not materially misstated.

The Company has outsourced its internal audit function to Messrs Sterling Business Alignment Consulting Sdn Bhd, an independent professional consultancy firm with the aim of providing independent and objective review on the systems of internal control within the Group. The Internal Auditors conduct the audit review based on the approved internal audit plan on the identified business processes and key functions to ensure the effectiveness of the management of risks and processes as well as systems of internal control and report its findings to the AC accordingly including recommendations with respect to identified control weaknesses and Management responses to the recommendations. Follow up reviews will be conducted to ensure that the necessary corrective actions and/or improvement procedures have been implemented by Management to address the audit observations and/or lapses highlighted. The internal audit function is conducted in a manner that is consistent with and meets the Standards for the Professional Practice of Internal Auditing and Code of Ethics of the Institute of Internal Auditors Malaysia.

The Statement on Risk Management and Internal Control as set out in this Annual Report provides an overview of the management of risks and state of internal controls within the Group.

### PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

#### **Investor Relations and Shareholders Communication**

The Board values dialogue with its shareholders and investors through the maintenance of an open communication policy with investors and shareholders alike. In ensuring effective communication, the various means such as public announcements released by the Group including the interim financial report on quarterly basis, annual report and financial statements, disclosures to the Bursa Securities and other Group activities are made.

In addition to its published annual report and quarterly reports announced to Bursa Securities, the Group has established a website at www.ablegroup.com.my from which shareholders can assess for information.

Members of the Board including the Chairman of the Board and Board Committees attend the general meetings of shareholders to engage with and address shareholders' queries on the business and performance of the Group at these meetings.

#### **Conduct of General Meeting**

The notice convening the 2023 Annual General Meeting ("AGM") of the Company was sent to the shareholders more than 21 days before the AGM in accordance with the provisions of the Listing Requirements of Bursa Securities and the Company's Constitution. The notice convening the 2023 AGM was advertised in a nationally circulated English daily newspaper giving shareholders sufficient time to prepare and/or to appoint proxy to attend and vote for their behalf.

The general meetings of shareholders of the Company remain the principal forum for dialogue and interaction between the Board and the shareholders, serving as a platform for shareholders to raise material issues and express their views besides to seek clarifications on the Group's operations and business plan. Pursuant to the Listing Requirements, all resolutions proposed for shareholders' approval at the general meeting of the Company will be voted by poll. An independent scrutineer was appointed to verify the poll results for the resolutions and announced by the Chairman of the meeting.

The Minutes of the AGM including the responses to the questions raised by the shareholders at the meeting were uploaded on the Company's website within 30 business days after the meeting.

This statement is made in accordance with the resolution passed by the Board of Directors on 5 April 2024.

The Board of Directors was satisfied that the Audit Committee and its members have discharged their functions, duties and responsibilities in accordance with the Audit Committee's Terms of Reference.

## REPORT OF THE AUDIT COMMITTEE (Cont'd)

#### 6. INTERNAL AUDIT FUNCTION

The Audit Committee is supported by the outsourced Internal Auditors, Messrs Sterling Business Alignment Consulting Sdn Bhd in the oversight of the internal audit function of the Group. The Internal Auditors provide independent and objective feedback to the Audit Committee and Board of Directors on the adequacy, effectiveness and efficiency of the internal control system within the Group.

The Internal Auditors report to the Audit Committee on their audit findings and recommendations of corrective actions or improvement measures together with management's responses and agreed implementation timeline in relation thereto. Follow-up reviews are performed on the status of the implementation of recommendations/improvement measures by the Management for reporting to the Audit Committee.

The Audit Committee ensures that the Internal Auditors have the necessary resources and unrestricted access to the relevant documentation including the financial statements, operational reports, internal policies and procedures as well as corporate and governance processes to enable them to effectively discharge their duties and responsibilities, besides having direct access to the Audit Committee.

The Internal Auditors undertake internal audit reviews based on the audit plan approved by the Audit Committee upon consultation with the Managing Director. The audit plan was drawn up based on the business activities and functions of the Group and covers the review of the adequacy of the Group's operational control, risk management, and compliance with established policies and procedures, laws and regulations. The Internal Auditors ensure that the agreed scope is sufficient to address the internal audit objectives.

During the FYE23, the Internal Auditors carried out reviews on the processes and procedures of the Inventory Management and Logistics Management functions involving Syarikat Bukit Granite Sdn Bhd ("SBG"), the Company's main operating subsidiary as well as the Corporate Governance Review of the Group. #### 4. ACTIVITIES OF THE REMUNERATION COMMITTEE

During the FYE23, the Remuneration Committee reviewed the remuneration of the Managing Director and has recommended to the Board, after considering the request of the Managing Director to extend his pay cut from January 2023 to December 2023 in his effort to relieve the financial burden and alleviate the cashflow position of the Group.

In recognition and appreciation of the continuous support from the Non-Executive Directors of the Company to the Group as well as to the Management, the Board endorsed the recommendation of the Remuneration Committee the reinstatement of Directors' fees in full in respect of the financial year 2023.

Consistent with the adopted remuneration policy that inter-alia provides the principles and guidelines for remuneration offered to the members of the Board including the Executive and Non-Executive Directors of the Company, the Remuneration Committee ensures that remuneration of the Executive Director and Senior Management is linked to the financial performance which are aligned to the Company's business objectives. The remuneration of Non-Executive Directors should be appropriate having regard to their memberships in Board Committees, contributions to the Company, taking into account factors such as effort and time spent, and responsibilities of the Directors and Board.

The Remuneration Committee reviewed its Terms of Reference at least once annually to ensure its adequacy for current circumstances, membership, functions and the Company's policies and/or compliance with applicable rules and regulations.

During the financial year under review, the Remuneration Committee, in discharging its duties and responsibilities also reviewed the Report of the Remuneration Committee for inclusion in the Annual Report of the Company.

# REPORT OF THE NOMINATION COMMITTEE

#### 1. COMPOSITION OF NOMINATION COMMITTEE

| Director         | Designation                                    |
|------------------|--|
| Loi Heng Sewn    | Chairman, Independent Non-Executive Director   |
| Yeoh Chong Keat  | Member, Independent Non-Executive Director     |
| Cheong Marn Seng | Member, Non-Independent Non-Executive Director |

#### 2. TERMS OF REFERENCE

The Terms of Reference of the Nomination Committee is available at www.ablegroup.com.my.

#### 3. MEETINGS AND ATTENDANCE

The Nomination Committee met on 5 April 2023 during the financial year ended 31 December 2023 and recorded full attendance of its members.

#### 4. ACTIVITIES OF THE NOMINATION COMMITTEE

During the FYE23, the Nomination Committee in the discharge of its functions reviewed the size, structure and composition of the Board of Directors and Board Committees, assessed the effectiveness and performance of the Board and Board Committees as well as their respective functions, focusing on the structure of the Board and its operations, Board's roles and responsibilities, Board Committees' and Board Chairman's roles and responsibilities, and was satisfied that the Board and Board Committees have been functioning effectively.

To meet the requirements of female board representation, the Nomination Committee had, on the recommendation of Dato' Lim Kim Huat, the major shareholder and Managing Director of the Company, reviewed the proposed appointment of Ms. Chong Wei Koon as a Non-Independent Non-Executive Director of the Company, having also regard to the board composition and diversity consideration. Upon reviewing the relevant range of skills, experience and suitability, and guided by the criteria as set out in the Directors' Fit and Proper Policy adopted for the Group, the Nomination Committee had recommended the proposed appointment of Ms. Chong to the Board for approval.

The Nomination Committee and Board will also seek to ensure the development of diversity in the senior management roles within the Group and supports the Group's objective of achieving senior roles held by female executives and develop opportunities for female executives to ensure unbiased career progression opportunities.

During the financial year under review, the Nomination Committee performed annual assessment and evaluation on the Board effectiveness facilitated by the Company Secretary through questionnaires completed by all Directors and the outcome was reported to the Nomination Committee and Board accordingly. The Nomination Committee and Board was satisfied that the existing size, structure and composition of the Board and Committees is optimum having regard to the current business size and operation of the Company, with appropriate mix of skills, attributes and core competencies to enable the Board to discharge its duties and responsibilities effectively.

Having also reviewed the attendance records of Directors at the Board and Board Committees' meetings for the financial year under review and time commitment to carry out their duties and responsibilities; the Nomination Committee was satisfied that the Board and Board Committees were effective as a whole in discharging their roles and responsibilities and the same was reported to and concurred by the Board. All assessments and evaluations carried out by the Nomination Committee in the discharge of all its functions were properly recorded and documented.

## REPORT OF THE NOMINATION COMMITTEE (Cont'd)

#### 4. ACTIVITIES OF THE NOMINATION COMMITTEE (CONT'D)

In accordance with the Company's Constitution, the Nomination Committee reviewed and recommended to the Board the re-election of Directors retiring by rotation at the Company's Annual General Meeting for approval by the shareholders, upon satisfactory evaluation of the performance of individual Director concerned against the fit and proper criteria.

The Nomination Committee reviewed the independence of the Independent Directors of the Company, including their tenure of service and based on the Independent Directors' self-assessment checklist duly completed alongside the confirmation of independence by all Independent Directors of the Company, the Nomination Committee and Board noted that the Independent Directors had fulfilled the independence criteria prescribed under the Listing Requirements and there were no issues of independence in the Board.

The Nomination Committee and the Board are of the view that a Director's independence cannot be determined solely with reference to tenure of service. The Group benefits from having long serving directors who have accumulated valuable knowledge of the Group's operations, the challenges and the business environment and have shown competence in advising and overseeing the management of the Group independently.

In compliance with the Listing Requirements of Bursa Securities limiting the tenure of an independent director to not more than a cumulative period of 12 years from the date of first appointment as an independent director in the listed issuer or any one or more of its related corporations, the Nomination Committee had also reviewed and considered the rationale set out above and recommended the proposed retention and re-designation of Mr. Cheong Marn Seng as a Non-Independent Non-Executive Director of the Board with effect from 31 May 2023. The Nomination Committee has also recommended to the Board the retention of Mr. Yeoh Chong Keat as Independent Director of the Company for shareholders' approval at the Annual General Meeting.

The individual Directors concerned have abstained from deliberation and voting on their own independence and/or retention, as the case may be.

In the discharge of its oversight function, the Nomination Committee also reviewed, in accordance with the Listing Requirements of Bursa Securities, the term of office and performance of the Audit Committee and each of its members for the year under review against the prescribed assessment checklist. The Nomination Committee was satisfied that the Audit Committee had carried out its duties in accordance with its Terms of Reference.

The Nomination Committee took cognisance that continuous training is important and in view that the Management and Board play a critical role to address material sustainability risks and opportunities, had encouraged the Board and its members to attend training program including ESG related program to equip themselves with relevant knowledge and keep abreast of latest regulatory developments to effectively discharge their duties and responsibilities.

The Chairman of Nomination Committee reported to the Board the matters reviewed and discussed at the meeting and its recommendations for the Board's consideration and decision. The minutes of the Nomination Committee meetings, upon approval at its following meeting would be tabled to the Board for notation.

The Nomination Committee reviewed its Terms of Reference annually to ensure its adequacy for current circumstances, the Company's policies and/or compliance with applicable rules and regulations. The Nomination Committee also reviewed Nomination Committee Report for inclusion in the Annual Report of the Company.

# STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

#### 1. INTRODUCTION

The Board of Directors of AbleGroup Berhad ("Board") is pleased to present its Statement on Risk Management and Internal Control for the financial year ended 31 December 2023, which has been prepared pursuant to paragraph 15.26(b) of the Listing Requirements of Bursa Securities and guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers ("Guidelines") and the updated Malaysian Code on Corporate Governance. The statement below outlines the nature and scope of internal controls of the Group during the financial year under review.

#### 2. BOARD RESPONSIBILITY

The Board acknowledges its collective responsibility and re-affirms its commitment in maintaining a sound risk management and internal control system to safeguard the interest of shareholders, customers, employees and the Group's assets. The responsibility of reviewing the adequacy and integrity of the Group's risk management and internal control system is delegated to the Audit Committee ("AC"), guided by its Terms of Reference to seek assurance on the adequacy and integrity of financial, operational and compliance control and internal control system and risk management procedures through independent reviews carried out by the internal audit function.

The Board in consultation with the AC has appraised the adequacy and effectiveness of risk management and internal control processes which were in place during the financial year ended 31 December 2023. Assurance has been received by the Board from the Managing Director of the Company that the Group's risk management and internal control systems are operating adequately and effectively, in all material aspects and there are no major weaknesses at the existing level of operations of the Group. Recognising that the internal control system must be continuously reviewed and improved to meet the challenging business environment, the Board will continue to take appropriate action plans to review, monitor and strengthen the Group's risk management and internal control system.

However, as there are inherent limitations in any system of internal controls, such systems put into effect by the Management can only reduce but cannot eliminate all risks that may impede the achievement of the Group's business objectives. Therefore, the risk management and internal control system can only provide reasonable and not absolute assurance against material misstatement of management and financial information and records or against financial losses or fraud.

The Board has established an ongoing process in identifying, evaluating and managing significant risks faced by the Group. This ongoing process which includes updating the risk management and internal control systems when there are changes in the business environment or regulatory guidelines is reviewed by the AC and the Board.

The Board is of the view that risk management and internal control systems in place for the year under review and up to the date of the issuance of the financial statements are sound and sufficient to safeguard the shareholders' investment, the Group's assets and the interests of other stakeholders.

#### 3. RISK MANAGEMENT FRAMEWORK

The Group's internal control mechanism is embedded in the various work processes and procedures at appropriate levels within the Group. The management team led by the Managing Director of the Company comprising experienced personnel with vast specialised industry knowledge is assigned with the responsibility of managing the Group. They are accountable for the conduct and performance of the respective operating units under their care.

The Heads of Department have been delegated the responsibility of identifying, evaluating and managing the risks of the respective department on an on-going basis. Significant risks identified and the corresponding internal control processes implemented are reviewed and discussed at periodic management meetings attended by the Managing Director.

#### 3. RISK MANAGEMENT FRAMEWORK (CONT'D)

In addition, significant risks identified, material issues and updated information affecting the Group which requires decisions or appropriate actions to be taken are brought to the attention of the Board.

The AC is also responsible for reviewing and monitoring the effectiveness of the Group's internal control systems. In this respect, the Group has outsourced the internal audit function to an independent professional service provider to undertake the responsibility of overseeing and conducting regular reviews on the Group's operational processes in accordance with the approved internal audit plan. The internal audit reports set out details of the findings and recommended corrective actions from the Internal Auditors with respect to the identified control weaknesses and the Management's responses to the observations and/or recommendations are reported to the AC accordingly. Subsequent follow-up reviews are carried out to ensure that the agreed action plans have been implemented or in progress, as the case may be.

#### 4. INTERNAL AUDIT FUNCTION

The outsourced Internal Auditors review compliances of the processes with the established policies and procedures in order to assess the effectiveness and efficiency of the internal control systems of the Group as appropriate. Any significant findings on non-compliances and weaknesses will be highlighted to the AC via the internal audit reports. The internal audit function adopts a risk-based approach in that the preparation of audit plan that based on key risk areas identified.

The Internal Auditors carried out reviews according to an annual internal audit plan approved by the AC and the Board. Additional reviews to be performed on the key business processes by the Internal Auditors may be instructed by the AC as the need arises. The scope of work encompasses the examination and evaluation of the adequacy, integrity and effectiveness of the system of internal control, risk management framework, corporate governance and management of the Group, which include:-

- Reviewing the reliability and integrity of the financial and operating information and the means used to identify, classify and report such information;
- Evaluating the system established to ensure compliance with policies, plans, procedures, laws and regulations which could have a significant impact on the operations and performance of the Group;
- > Examining the means of safeguarding assets and, as appropriate, verifying the existence of such assets;
- Assessing the economy and efficiency with which resources are employed; and
- Appraising operations to ascertain whether results are consistent with established objectives and goals and whether the operations are being carried out as planned.

The Internal Auditors use the Committee of Sponsoring Organizations of the Treadway Commission's (COSO) Internal Control – Integrated Framework as a basis for evaluating the effectiveness of the internal control systems. These involved walking through the processes and procedures, discussing with key members of senior management, reviewing documentation as well as observation of the current practices.

During the financial year ended 31 December 2023, the Internal Auditors performed audit reviews in accordance with the approved internal audit plan. The results of their review were tabled at the scheduled meetings of the AC. Key members of senior management are responsible for ensuring that corrective actions or improvement measures are taken within the stipulated timeframe on the reported weaknesses as required. There were no significant control weaknesses identified during the financial year under review that require the AC's attention. The Internal Auditors engaged with the management team on audit issues noted during the exit meetings. The respective Head of the Department was called to clarify and explain to the management team and develop necessary corrective action plans within the stipulated timeline to address/rectify the issues noted. Subsequent follow-up audit reviews were conducted to ensure that corrective measures had been taken to address the identified weaknesses reported earlier.

#### 5. OTHER KEY FEATURES OF THE GROUP'S INTERNAL CONTROL SYSTEMS

- There is a well-defined organisation chart with clear lines of accountability, including delegation of authority that sets out decisions that need to be taken and the appropriate authority levels and matters that require the Board's approval.
- The AC reviews the financial results and reports from management every quarter as well as the internal audit reports at the scheduled meetings and discusses with and/or seeks clarifications from the management on the key factors affecting the operation and financial performance of the Group, the internal control matters and appropriate corrective actions that are required to be taken to address internal control weaknesses identified.
- The composition of AC comprises majority of Independent Non-Executive Directors further strengthens and provides independent and objective judgement and opinion on the matters under its purview including internal control matters of the Group.
- The Managing Director and senior management personnel with the support teams are dedicated and actively involved in the running and managing of the business and operations of the Group. Any significant changes in business or external environment which may affect the operations of the Group at large are reported by the Managing Director to the Board accordingly.
- > There is in place a timely and effective internal reporting involving the advice and services of qualified professionals such as the Internal Auditors and the Company Secretary.
- There are regular operational meetings held among the senior management personnel to discuss and review the business plans, budgets, and financial and operational performances of the Group. Monthly meetings of the Heads of Department are held to review and monitor performances. The management updates the status of the business operations including job tenders and projects being pursued and also the status of the on-going projects during monthly operations meetings and quarterly meetings of the Board.
- The Credit Control Committee is chaired by the Acting COO and held monthly meetings to review reports on receivables from the Head of Finance Department with the objective of maximising collection and minimising the exposure of debts being impaired.

#### 6. REVIEW OF EFFECTIVENESS OF INTERNAL CONTROL SYSTEMS

The Board is dedicated to operating a sound system of internal control and recognises that the system must continuously evolve to support the business and the size of the Group.

The Board is satisfied that the process for identifying, evaluating and managing risks as outlined in this Statement had been in place for the year under review upon due and careful assessment and based on the information and assurance provided. The Board is satisfied that there were no material control deficiencies, losses or contingencies noted during the financial year under review as the reported internal control weakness are considered to be at an acceptable level within the context of the Group's operating environment and the size of the business.

The Board and management will continue to take proactive measures to enhance and strengthen the control environment and the internal control system of the Group.

#### OTHER STATUTORY INFORMATION

Before the financial statements of the Group and of the Company were prepared, the directors took reasonable steps:

- to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and satisfied themselves that there were no known bad debts to be written off and that adequate allowance had been made for doubtful debts; and
- (b) to ensure that any current assets which were unlikely to be realised in the ordinary course of business including the value of current assets as shown in the accounting records of the Group and of the Company had been written down to an amount which the current assets might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances:

- (a) which would require the writing off of bad debts or to the amount of the allowance for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent; or
- (b) which would render the values attributed to the current assets in the financial statements of the Group and of the Company misleading; or
- (c) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; or
- (d) not otherwise dealt with in this report or financial statements which would render any amount stated in the financial statements of the Group and of the Company misleading.

At the date of this report, there does not exist:

- any charge on the assets of the Group and of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
- (b) any contingent liability in respect of the Group and of the Company any which has arisen since the end of the financial year, except as disclosed in *Note 34* to the financial statements.

No contingent or other liability of the Group and of the Company has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may affect the ability of the Group and of the Company to meet its obligations when they fall due.

In the opinion of the directors, no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of operations of the Group and of the Company for the financial year in which this report is made.

#### SIGNIFICANT SUBSEQUENT EVENTS AFTER THE FINANCIAL YEAR

The significant events during the financial year and subsequent events after the financial year are disclosed in *Note* 35 to the financial statements.

### INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF ABLEGROUP BERHAD

#### REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

#### **Opinion**

We have audited the financial statements of AbleGroup Berhad, which comprise the statements of financial position as at 31 December 2023 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of material accounting policy information, as set out on pages 54 to 102.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2023, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

#### **Basis for Opinion**

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

The estimated total revenue and costs are affected by a variety of uncertainties that depend on the outcome of future events. | Our audit procedures included, amongst others:  - Assess the terms and conditions of the agreements with customers;  - Understanding the management's process in preparing the budget and review its feasibility;  - Assess the reliability of total budgeted cost by comparing budgeted costs to actual outcomes;  - Assess on the management's determination on the satisfaction of a performance obligations; |
| The amount of revenue and corresponding costs of the Group's contract activities are recognised over the period of contract by reference to the progress towards complete satisfaction of that performance obligation.  The progress towards complete satisfaction of performance obligation is determined by reference to proportion of contract costs incurred for works performed to date bear to the estimated total contract costs for each project.   | <ul> <li>Recomputed on the percentage of completion computation that contribute towards the revenue recognition during the financial year ended 31 December 2023 and assessed management's assessment in determining the percentage of completion; and</li> <li>Verified actual contract costs incurred.</li> </ul>  |

#### <u>Company</u>

We do not have any key audit matter arising from the audit of the financial statements of the Company that are required to be communicated in this report.

#### Information Other Than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

#### Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

#### Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the
  Company, whether due to fraud or error, design and perform audit procedures responsive to those risks,
  and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
  detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may
  involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

#### Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business
  activities within the Group to express an opinion on the financial statements of the Group. We are responsible
  for the direction, supervision and performance of the group audit. We remain solely responsible for our audit
  opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats and safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **OTHER MATTERS**

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The adoption of these MFRSs and Amendments to MFRSs that have been issued but not yet effective and applicable to the Group and the Company are not expected to have a material impact to the financial statements of the Group and the Company.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION

All material accounting policy information set out below are consistent with those applied in the previous financial year unless otherwise stated.

#### (a) Basis Of Consolidation

The financial statements of the Group include the financial statements of the Company and its subsidiaries made up to the end of the financial year. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions are eliminated in full.

#### (i) Acquisition method of accounting for non-common control business combinations

Acquisition of subsidiaries is accounted for by applying the acquisition method. Under the acquisition method of accounting, identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

In business combinations achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

The Group elects, for each individual business combination, whether to recognise non- controlling interest in the acquiree (if any) at fair value on the acquisition date, or the non-controlling interest's proportionate share of the acquiree's net identifiable assets.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (a) Basis Of Consolidation (Cont'd)

(i) Acquisition method of accounting for non-common control business combinations (Cont'd)

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill in the statements of financial position. In instances where the latter amount exceeds the former, the excess is recognised as a gain on bargain purchase in profit or loss on the acquisition date.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

#### (ii) Non-controlling interest

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company, and is presented separately in the consolidated profit or loss and within equity in the consolidated of financial position, separately from equity attributable to owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interest are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

#### (b) Investment In Subsidiaries

Subsidiaries are entities, including structured entities, controlled by the Group. The Group controls the entities when it is exposed, or has rights, to variable returns from its involvement with the entities and has the ability to affect those returns through its power over the entities.

In the Company's separate financial statements, investment in subsidiaries is stated at cost less any impairment, unless the investment is classified as held for sale. The impairment loss is recognised in the profit or loss.

On disposal of an investment, the difference between net disposal proceeds and its carrying amount is charged or credited to profit or loss.

#### (c) Property, Plant And Equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses, where applicable.

Property, plant and equipment are depreciated on a straight-line basis to write off the cost of each asset to their residual values over their estimated useful lives at the following annual rates:

| Leasehold building         | 2%       |
|----------------------------|----------|
| Plant and machinery        | 2%       |
| Motor vehicles             | 10%      |
| Office and other equipment | 5% - 25% |

Depreciation of an asset begins when it is ready for its intended use.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (c) Property, Plant And Equipment (Cont'd)

The residual value, useful lives and depreciation method of property, plant and equipment are reviewed at each end of reporting date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

On disposal of property, plant and equipment, the difference between the net disposal proceeds and the carrying amount is credited or charged to profit or loss in determining profit from operations.

#### (d) Investment Property

Investment property is property which is held either to earn rental income or for capital appreciation or for both. Such properties are measured initially at cost, including transaction costs. Investment property is stated at cost less accumulated depreciation and impairment losses, if any.

The Group is using the cost model to measure the investment property after initial recognition.

Investment properties are derecognised when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from their disposal. Any gains or losses on the retirement or disposal of an investment properties are recognised in profit or loss in the financial year in which they arise.

Depreciation is provided on a straight-line method so as to write off the depreciable amount of the following assets over their estimated useful lives at the following annual rates:

Freehold building 2%

#### (e) Goodwill

Goodwill is measured at cost less accumulated impairment losses, if any. The carrying value of goodwill is reviewed for impairment annually. The impairment value of goodwill is recognised immediately in profit or loss. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Under the acquisition method, goodwill represents the excess of the fair value of the purchase consideration over the Group's share of the fair values of the identifiable assets, liabilities and contingent liabilities of the subsidiaries at the date of acquisition.

If, after reassessment, the Group's interest in the fair values of the identifiable net assets of the subsidiaries exceeds the cost of the business combinations, the excess i.e. bargain purchase is recognised as income immediately in profit or loss.

#### (f) <u>Inventories</u>

#### (i) Land held for property development

Land held for property development consists of land where development activities are not expected to be completed within the normal operating cycle. Cost includes cost of land and attributable development expenditures.

Land held for property development will be reclassified to properties under development when significant development work has been undertaken and is expected to be completed within the normal operating cycle.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (f) Inventories (Cont'd)

#### (ii) Property under development

#### Cost includes:

- freehold rights for land;
- amounts paid to contractors for construction; and
- planning and design costs, costs for site preparation, professional fees for legal services, property transfer taxes, contract overheads and other related costs.

#### (iii) Finished goods

The finished goods consist of granites and marble stocks. The cost of finished goods consists of the cost of direct materials. The cost is assigned on a weighted average cost basis.

Inventories are valued at the lower of cost and net realisable value. Cost is determined based on the first in, first out basis and is the aggregate of the original cost of purchases plus the cost of bringing the inventories to their present conditions and locations.

Net realisable value is the estimated selling price in the ordinary course of business, less the costs of completion and the estimated costs necessary to make the sale.

Where necessary, due allowance is made for all damaged, obsolete and slow- moving items. The Group writes down its obsolete or slow-moving inventories based on assessment of the condition and the future demand for the inventories. These inventories are written down when events or changes in circumstances indicate that the carrying amount may not be recovered.

#### (g) Non-Current Asset Held For Sale

Non-current assets, or disposal group comprising assets and liabilities that are expected to be recovered primarily through sale or distribution to shareholders rather than through continuing use, are classified as held for sale or distribution.

Immediately before classification as held for sale or distribution, the assets, or components of a disposal group, are remeasured in accordance with the Group's accounting policies. Thereafter generally the assets, or disposal group, are measured at the lower of their carrying amount and fair value less costs of disposal.

Any impairment loss on a disposal group is first allocated to goodwill, and then to remaining assets and liabilities on pro rata basis, except that no loss is allocated to inventories, financial assets, deferred tax assets, employee benefit assets and investment property, which continue to be measured in accordance with the Group's accounting policies. Impairment losses on initial classification as held for sale or distribution and subsequent gains or losses on remeasurement are recognised in income statement. Gains are not recognised in excess of any cumulative impairment loss.

Intangible assets and property, plant and equipment once classified as held for sale or distribution are not amortised or depreciated. In addition, equity accounting of equity- accounted associates and joint venture ceases once classified as held for sale or distribution.

#### (h) Impairment Of Non-financial Assets

The carrying amounts of assets, other than those to which MFRS 136 - Impairment of Assets does not apply, are reviewed at each end of the reporting period for impairment when there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. The recoverable amount of the assets is the higher of the assets' net selling price and their value-in-use, which is measured by reference to discounted future cash flow.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (h) Impairment Of Non-financial Assets (Cont'd)

An impairment loss is charged to profit or loss immediately unless the asset is carried at its revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of a previously recognised revaluation surplus for the same asset.

Impairment losses arising from the goodwill is not reversed. For other assets, when there is a change in the estimates used to determine the recoverable amount, a subsequent increase in the recoverable amount of an asset is treated as a reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in profit or loss immediately, unless the asset is carried at its revalued amount.

A reversal of an impairment loss on a revalued asset is credited to other comprehensive income. However, to the extent that an impairment loss on the same revalued asset was previously recognised as an expense in profit or loss, a reversal of that impairment loss is recognised as income in profit or loss.

#### (i) Financial Assets

All regular way purchases or sale of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sale of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### (i) Classification Of Financial Assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income ('FVTOCI'):

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling the financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

By default, all other financial assets are subsequently measured at fair value through profit or loss ('FVTPL').

#### (ii) Amortised Cost And Effective Interest Method

At initial recognition financial assets are measured at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset. The amortised cost of a financial asset is the amount at which the financial asset is measured at initial recognition minus the principal repayments, plus the cumulative amortisation using the effective interest method of any difference between that initial amount and the maturity amount, adjusted for any loss allowance. The gross carrying amount of a financial asset is the amortised cost of a financial asset before adjusting for any loss allowance.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (i) Financial Assets (Cont'd)

#### (ii) Amortised Cost And Effective Interest Method (Cont'd)

Interest income is recognised using the effective interest method for debt instruments measured subsequently at amortised cost and at FVTOCI. For financial instruments other than purchased or originated credit-impaired financial assets, interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset.

For purchased or originated credit-impaired financial assets, the Group and the Company recognise interest income by applying the credit-adjusted effective interest rate to the amortised cost of the financial asset from initial recognition. The calculation does not revert to the gross basis even if the credit risk of the financial asset subsequently improves so that the financial asset is no longer credit-impaired.

Interest income is recognised in profit or loss and is included in the "investment income" line item.

#### (iii) Debt Instruments Classified As FVTOCI

Subsequent measurement of debt instruments depends on the Group's and the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group and the Company classify their debt instruments:

- Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- FVTOCI: Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements of gains or losses in the carrying amount are taken through other comprehensive income ('OCI'), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit or loss. Accumulated OCI is reclassified from equity to profit or loss and recognised in other gains/ losses upon derecognition of the financial assets. Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains and losses and impairment expenses in other expenses.
- FVTPL: Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt instrument that is subsequently measured at FVTPL and is not part of a hedging relationship is recognised in profit or loss and presented net in the profit or loss within other gains/losses in the period in which it arises.

#### (iv) Equity Instruments

The Group and the Company subsequently measure all equity instruments at fair value. Where the Group's and the Company's management have elected to present fair value gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the instruments. Dividends from such instruments continue to be recognised in profit or loss as other income when the Group's and the Company's right to receive payments is established.

Changes in the fair value of financial assets at FVTPL are recognised in other gain/losses in the profit or loss as applicable. Impairment losses (and reversal of impairment losses) on equity instruments measured at FVTOCI are not reported separately from other changes in fair value.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (i) Financial Assets (Cont'd)

#### (v) Financial Assets At FVTPL

This category comprises only in-the-money derivatives. They are carried in the statements of financial position at fair value with changes in fair value recognised in the profit or loss in the finance income or expense line. Other than derivative financial instruments which are not designated as hedging instruments, the Group and the Company do not have any assets held for trading nor do they voluntarily classify any financial assets as being at FVTPL.

#### (vi) Impairment Of Financial Assets

The Group and the Company recognise a loss allowance for expected credit losses ("ECL") on investments in debt instruments that are measured at amortised cost or at FVTOCI. No impairment loss is recognised for investments in equity instruments. The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument. Any impairment gain or loss arising from such changes is to be recognised in profit or loss

The Group and the Company recognise lifetime ECL for trade receivables. The ECL on these financial assets are estimated using a provision matrix based on the Group's and the Company's historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current as well as the forecast direction of conditions at the reporting date, including time value of money where appropriate. For contract contracts, the Group assessed the risk of each customer individually based on their financial capability, past trend of payments and other external information relating to the customers that are publicly available.

At each reporting date, the Group and the Company assess whether financial assets carried at amortised cost are credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

- significant financial difficulty of the debtor;
- a breach of contract, such as a default of past due events;
- the debtor, for economic or contractual reasons relating to the debtor's financial difficulty, having granted to the debtor a concessions that the Group would not otherwise consider: or
- it is becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

For all other financial instruments, the Group and the Company recognise lifetime ECL when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on the financial instrument has not increased significantly since initial recognition, the Group and the Company measure the loss allowance for that financial instrument at an amount equal to 12 months ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition instead of on evidence of a financial asset being credit-impaired at the reporting date or an actual default occurring.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of a financial instrument. In contrast, 12 months ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (i) Financial Assets (Cont'd)

#### (vii) Derecognition Of Financial Assets

The Group and the Company derecognise a financial asset when the contractual right to the cash flows from the financial asset expired, or the Group and the Company transfer the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Group and the Company neither transfer nor retain substantially all of the risks and rewards of ownership and the Group and the Company do not retain control of the financial asset.

In the event the Group and the Company enter into transactions whereby the Group and the Company transfer assets recognised in statements of financial position, but retain either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

#### (i) Financial Liabilities

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

#### (i) Financial Liabilities At FVTPL

This category comprises only out-of-the-money derivatives. They are carried in the statements of financial position at fair value with changes in fair value recognised in the profit or loss. The Group and the Company do not have any liabilities held for trading nor have the Group and the Company designated any financial liabilities as being at FVTPL.

#### (ii) Other Financial Liabilities

Other financial liabilities include the following items:

- bank borrowings, where such interest-bearing liabilities are subsequently measured at amortised cost using the effective interest rate method, which ensures that any interest expense over the period to repayment is at a constant rate on the balance of the liability carried in the statements of financial position. For the purposes of each financial liability, interest expense includes initial transaction costs as well as any interest payable while the liability is outstanding; and
- payables and other short-term monetary liabilities, which are initially recognised at fair value and subsequently carried at amortised cost using the effective interest method.

#### (iii) Derecognition Of Financial Liabilities

The Group and the Company derecognise a financial liability when their contractual obligations are discharged or cancelled, or expired. The Group and the Company also derecognise a financial liability when their terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in profit or loss.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (k) Equity Instruments

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from proceeds.

Dividends on ordinary shares are recognised as liabilities when approved for appropriation.

All transactions with the owners of the Company are recorded separately within equity.

#### (I) Contract Assets/Contract Liabilities

#### (i) Contract Assets

Contract asset represents service contract cost which comprise of cost related directly to the specific contract and those that are attributable to the contract activity in general and can be allocated to the contract and such other costs that are specifically chargeable to the customer under the terms of the contract. The right to consideration for goods or services transferred to the customers when that right is conditioned on something other than the passage of time. Contract costs includes direct labour, expenses and an appropriate proportion of contract overheads.

Revenue from work done on service contract is recognised based on the stage of completion method. The stage of completion is determined based on proportion of contract costs incurred for work performed to date to the estimated total contract costs.

When the outcome of a contract cannot be estimated reliably, the contract revenue shall be recognised only to the extent of contract costs incurred that is probable to be recoverable and contract costs are recognised as an expense in the period in which they are incurred.

When it is probable that total contract costs will exceed total contract revenue, the foreseeable loss is recognised as an expense immediately.

The aggregate costs incurred and profit or loss recognised on each contract is compared against the progress billings up to the financial year end. Where costs incurred plus recognised profits (less recognised losses) exceed progress billings, the balance is shown as contract assets. Where progress billings exceed costs incurred plus recognised profits (less recognised losses), the balance is shown as contract liabilities.

#### (ii) Contract Liabilities

Contract liabilities represents the Group's obligation to transfer goods or services to customers for which the Group has received the consideration or has billed to the customer. The contract liabilities of the Group comprise of deferred revenue where the Group has billed or has collected the payment before services are provided to the customers.

#### (m) Lease

The Group and the Company have applied MFRS 16 Leases using the modified retrospective approach, under which the cumulative effect of initial application is recognised in retained profits at 1 January 2019. Accordingly, the comparative information presented for 2018 has not been restated – i.e it is presented, as previously reported under MFRS 117 Leases and related interpretations.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (m) Lease (Cont'd)

A contract is, or contains, a lease if the contract conveys a right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group and the Company assesses whether:

- the contract involves the use of an identified asset this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the customer has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the customer has the right to direct the use of the asset. The customer has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what the purpose the asset is used is predetermined, the customer has the right to direct the use of the asset if either the customer as the right to operate the asset; or the customer designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Group and the Company allocate the consideration in the contract to each lease and non-lease component on the basis of their relative stand-alone prices. However, for leases of properties in which the Group and the Company is a lessee, it has elected not to separate non-lease components and will instead account for the lease and non-lease components as a single lease component.

#### Recognition And Measurement

#### (i) Initial Measurement

#### As a Lessor

When the Group and the Company act as a lessor, it determines at lease inception whether each lease is a finance lease or operating lease.

To clarify each lease, the Group and the Company make an overall assessment of whether the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset. If this is the case, then the lease is a finance lease, if not, then it is operating lease.

If an arrangement contains lease and non-lease components, the Group and the Company apply MFRS 15 to allocate the consideration in the contract based on stand- alone selling prices.

When the Group and the Company are an intermediate lessor, it accounts for its interest in the head lease and the sublease separately. It assesses the lease classification of a sublease with reference to the right-of-use assets arising from head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Group and the Company apply the exemption described above, then it classifies the sublease as an operating lease.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (m) Lease (Cont'd)

Recognition And Measurement (Cont'd)

(i) Initial Measurement

As a Lessee

The Group and the Company recognise a right-of-use assets and a lease liability at the lease commencement date. The right-of-use assets is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the respective Group's and Company's incremental borrowing rate is used. Generally, the Group and the Company use its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee;
- the exercise price under a purchase option that the Group and the Company is reasonably certain to exercise; and
- penalties for early termination of a lease unless the Group and the Company is reasonably certain not to early terminate the contract.

The Group and the Company exclude variable lease payments that linked to future performance or usage of the underlying asset from the lease liability. Instead, these payments are recognised in profit or loss in the period in which the performance or use occurs.

The Group and the Company assess at lease commencement whether it is reasonably certain to exercise the extension options in determining the lease term.

The Group and the Company have elected not to recognise right-of-use assets and lease liabilities for short term leases that have a lease term of 12 months or less and lease of low-value assets. The Group and the Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The Group and the Company present right-of-use assets that do not meet the definition of investment property in 'property, plant and equipment' and lease liabilities in 'borrowings' in the statement of financial position.

#### 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (m) Lease (Cont'd)

Recognition And Measurement (Cont'd)

#### (ii) Subsequent measurement

As a Lessor

The Group and the Company recognise lease payments received under operating leases as income on a straight-line basis over the lease term as part of "revenue".

#### As a Lessee

The right-of-use assets is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use assets or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use assets is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a revision of in-substance fixed lease payments, or if there is a change in the Group's and the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Group and the Company change its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured, a corresponding adjustment is made to the carrying amount of the right-of-use assets or is recorded in profit or loss if the carrying amount of the right-of-use assets has been reduced to zero.

When there is lease modification due to increase in the scope of lease by adding the right-to-use one or more underlying assets, the Group and the Company assess whether the lease modification shall be accounted for as a separate lease or similar to reassessment of lease liability. The Group and the Company account for lease modification as a separate lease when the consideration for the lease increases by an amount that commensurate with the stand-alone price for the increase in scope and any appropriate adjustments.

When there is lease modification due to decrease in scope, the Group and the Company decrease the carrying amount of the right-of-use assets and remeasure the lease liability to reflect the partial or full termination of the lease. The corresponding gain or loss shall be recognised in profit or loss. Lease liabilities are remeasured for all other lease modifications with corresponding adjustments to the right-of-use assets.

#### (n) Revenue Recognition

Revenue which represents income arising in the course of the Group's and the Company's ordinary activities is recognised by reference to each distinct performance obligation promised in the contract with customer when or as the Group and the Company transfer the control of the goods or services promised in a contract and the customer obtains control of the goods or services. Depending on the substance of the respective contract with customer, the control of the promised goods or services may transfer over time or at a point in time.

A contract with customer exists when the contract has commercial substance, the Group and the Company and their customer have approved the contract and intend to perform their respective obligations, the Group's and the Company's and the customer's rights regarding the goods or services to be transferred and the payment terms can be identified, and it is probable that the Group and the Company will collect the consideration to which the Group and the Company will be entitled to in exchange of those goods or services.

## 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

## (n) Revenue Recognition (Cont'd)

## Recognition And Measurement

At the inception of each contract with customer, the Group and the Company assess the contract to identify distinct performance obligations, being the units of account that determine when and how revenue from the contract with customer is recognised. A performance obligation is a promise to transfer a distinct goods or services (or a series of distinct goods or services that are substantially the same and that have the same pattern of transfer) to the customer that is explicitly stated in the contract and implied in the Group's and in the Company's customary business practices. A goods or services is distinct if:

- the customer can benefit from the goods or service either on its own or together with other resources that are readily available to the customer; and
- the Group's and the Company's promise to transfer the goods or service to the customer is separately identifiable from other promises in the contract.

If a goods or service is not distinct, the Group and the Company combine it with other promised goods or services until the Group and the Company identify a distinct performance obligation consisting a distinct bundle of goods or services.

Revenue is measured based on the consideration specified in contract with a customer excludes amounts collected on behalf of third parties such as sales and service taxes or goods and services taxes. If the amount of consideration varies due to discounts, rebates, refunds, credits, incentives, performance bonuses, penalties or other similar items, the Group and the Company estimate the amount of consideration that they expect to be entitled based on the expected value or the most likely outcome but the estimation is constrained up to the amount that is highly probable of no significant reversal in the future. If the contract with customer contains more than one distinct performance obligation, the amount of consideration is allocated to each distinct performance obligation based on the relative stand-alone selling prices of the goods or services promised in the contract.

The consideration allocated to each performance obligation is recognised as revenue when or as the customer obtains control of the goods or services. At the inception of each contract with customer, the Group and the Company determine whether control of the goods or services for each performance obligation is transferred over time or at a point in time. Controls over the goods or services are transferred over time and revenue is recognised over time if:

- the customer simultaneously receives and consumes the benefits provided by the Group's and the Company's performance as the Group and the Company perform;
- the Group's and the Company's performances create or enhance a customer-controlled asset; or
- the Group and the Company performances do not create an asset with alternative use to the Group and the Company and the Group and the Company have a right to payment for performance completed to date.

Revenue for performance obligation that is not satisfied over time is recognised at the point in time at which the customer obtains control of the promised goods or services.

The revenue recognition policies of the Group's and of the Company's major activities are described below:

# (i) Revenue From Sales Of Goods

Revenue from sale of goods is recognised at a point in time when control of the products has been transferred, being when the customer accepts the delivery of the goods.

Sales are made with a credit term of 30 days, which is consistent with market practice, therefore, no element of financing is deemed present. A receivable is recognised when the customer accepts the delivery of the goods as the consideration is unconditional other than the passage of time before the payment is due.

# 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (n) Revenue Recognition (Cont'd)

## (ii) Revenue From Contracts Services

Revenue from contract works is recognised on a percentage of completion method. Percentage of completion is determined on the proportion of contract costs incurred for work performed to-date against total estimated costs where the outcome of the project can be estimated reliably.

The Group provides supply, delivery and installation of stone and tiling works under the long-term contracts with customers. Contract service contracts comprise multiple deliverables that require significant integration service and therefore accounted as a single performance obligation.

Under the terms of the contracts, control of the supply, delivery and installation of stone and tiling works is transferred over time as the Group creates or enhances an asset that the customer controls as the asset is created or enhanced. Revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of a performance obligation. The progress towards complete satisfaction of a performance obligation is determined by the proportion of contract costs incurred for work performed to date bear to the estimated total contract costs (an input method).

Sales are made with a credit ranging from 30 days to 60 days, which is consistent with market practice, therefore, no element of financing is deemed present. The Group becomes entitled to invoice customers for supply, delivery and installation of stone and tiling works based on achieving a series of performance-related milestones.

The Group recognises a contract asset for any excess of revenue recognised to date over the billings-to-date. Any amount previously recognised as a contract asset is reclassified at the point when invoice is issued or timing for billing is due to passage of time. If the milestone billing exceeds the revenue recognised to date and any deposits or advances received from customers then the Group recognised a contract liability for the differences.

#### (iii) Interest Income

Interest income is recognised on an accrual basis using the effective interest method.

# (o) Employee Benefits

#### (i) Short Term Employee Benefits

Wages, salaries, paid annual leave, paid sick leave, bonuses and non-monetary benefits are accrued in the period in which the associated services are rendered by employees of the Company and its subsidiaries. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences such as sick and medical leave are recognised when the absences occur. The expected cost of accumulating compensated absences is measured as additional amount expected to be paid as a result of the unused entitlement that has accumulated at the end of the reporting period. Past- service costs are recognised immediately in profit or loss.

## (ii) Defined Contribution Plan

The Company's and its subsidiaries contributions to defined contribution plans regulated and managed by the government are charged to profit or loss in the period to which they relate. Once the contributions have been paid, the Company and its subsidiary companies have no further financial obligations.

# 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

# (p) Income Tax Expense

Income taxes for the period comprise current and deferred taxes.

Current tax is the expected amount of income taxes payable in respect of the taxable profit for the period and is measured using the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred tax liabilities are recognised for all taxable temporary differences other than those that arise from goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the business combination costs or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax is recognised in profit or loss, except when it arises from a transaction which is recognised directly in equity, in which case the deferred tax is also charged or credited directly in equity, or when it arises from a business combination that is an acquisition, in which case the deferred tax is included in the resulting goodwill or excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities over the business combination costs. The carrying amounts of deferred tax assets are reviewed at each end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax assets to be utilised.

## (q) Related Parties

A related party is a person or entity that is related to the entity that is preparing its financial statements (the reporting entity).

A related party is:

- (i) a person or a close member of that person's family is related to a reporting entity if that person:
  - a. has control or joint control of the reporting entity;
  - b. has significant influence over the reporting entity; or
  - is a member of the key management personnel of the reporting entity or of a holding company
    of the reporting entity.

# 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (q) Related Parties (Cont'd)

- (ii) an entity is related to a reporting entity if any of the following conditions applies:
  - a. the entity and the reporting entity are members of the same group (which means that each holding company, subsidiaries and fellow subsidiaries is related to the others).
  - b. one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  - c. both entities are joint ventures of the same third party.
  - d. one entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  - e. the entity is a post-employment benefit plan for the benefit of employees of either the reporting entity or an entity related to the reporting entity. If the reporting entity is itself such a plan, the sponsoring employers are also related to the reporting entity.
  - f. the entity is controlled or jointly controlled by a person identified in (i).
  - g. a person identified in (i)(b) has significant influence over the entity or is a member of the key management personnel of the entity (or of the holding company of the entity).
  - h. The entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the holding company of the reporting entity.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity.

Key management personnel is defined as those persons having authority and responsibility for planning, directing and controlling the activities of the Company and of the subsidiary companies either directly or indirectly. The key management personnel includes all the directors of the Company and directors of the subsidiaries, members of senior management and chief executive officer of the Company as well as members of senior management and chief executive officers of major subsidiaries of the Group.

# (r) Cash And Cash Equivalents

For the purposes of the statements of cash flows, cash and cash equivalents comprise cash in hand, bank balances including bank overdrafts and highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

# (s) Functional And Foreign Currency

#### (i) Functional and Presentation Currency

The individual financial statements of each entity in the Group are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is also the Company's functional currency.

# (ii) Foreign Currency Transactions and Balances

Transactions in foreign currencies are converted into the respective functional currencies on initial recognition, using the exchange rates at the transaction dates. Monetary assets and liabilities at the end of the reporting period are translated at the exchange rates ruling as of that date. Non-monetary assets and liabilities are translated using exchange rates that existed when the values were determined. All exchange differences are recognised in profit or loss.

# (s) Functional And Foreign Currency (Cont'd)

## (iii) Foreign Operations

Assets and liabilities of foreign operations, including goodwill and fair value adjustments arising from the acquisition of foreign operations, are translated into RM for consolidation at the rates of exchange ruling at the end of the reporting period. Revenues and expenses of foreign operations are translated into RM at the average rates for the financial year. All exchanges differences arising from translation are recognised directly to other comprehensive income and accumulated in equity under translation reserve. On disposal of a foreign operation, accumulated translation differences recognised in other comprehensive income relating to that particular foreign operation is reclassified from equity to comprehensive income.

# (t) Provisions For Liabilities

Provisions for liabilities are recognised when the Group and the Company have a present legal or constructive obligation as a result of past events, when it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation; and when a reliable estimate of the amount of the obligation can be made. Provisions are reviewed at each end of reporting date and adjusted to reflect the current best estimate.

Where the effect of the time value of money is material, the amount of a provision is the present value of the expenditure expected to be required to settle the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed.

Any reimbursement that the Group or the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision. The expense relating to any provision is presented in the profit or loss, net of any reimbursement.

# (u) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events and whose existence will only be confirmed by the occurrence of one or more uncertain future events not wholly within the control of the Group and of the Company. It can also be a present obligation arising from past events that is not recognised because it is not probable that an outflow of economic resources will be required or the amount of obligation cannot be measured reliably.

A contingent liability is not recognised but is disclosed in the notes to the financial statements. When a change in the probability of an outflow occurs so that the outflow is probable, it will then be recognised as a provision.

# (v) Earnings Per Ordinary Share ("EPS")

The Group presents basic and diluted earnings per share data for its ordinary shares.

Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period, adjusted for own shares held, if any.

Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding, adjusted for own shares held, if any, for the effect of all dilutive potential ordinary shares, which comprise warrants and share options granted to the employees.

# 3. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

#### (w) Operating Segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision makers to make decisions about resources to be allocated to the segment and to assess its performance, and for which discrete financial information is available. An operating segment may engage in business activities for which it has yet to earn revenues.

## (x) Borrowing costs

Borrowing costs are interests and other cost that the Group incurs in connection with borrowing of funds.

#### (y) Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:-

- in the principal market for the asset or liability; or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to by the Group and by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Valuation techniques that are appropriate in the circumstances and for which sufficient data are available, are used to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 : fair value is derived from quoted prices (unadjusted) in active markets for identical financial assets or liabilities that the entity can access at the measurement date.
- Level 2 : fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the financial assets or liabilities, either directly or indirectly.
- Level 3 : fair value is estimated using unobservable inputs for the financial assets and liabilities.

#### 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The estimates and judgements that affect the application of the Group's and the Company's accounting policies and disclosures, and have a significant risk of causing a material adjustment to the carrying amounts of assets, liabilities, income and expenses are discussed below.

#### (a) Depreciation of Property, Plant and Equipment And Investment Property

The estimates for residual values, useful lives and related depreciation charges for the property, plant and equipment and investment property are based on commercial and production factors which could change significantly as a result of technical innovations and competitors' action in response to the market conditions.

The Group and the Company anticipate that the residual values of their property, plant and equipment will be insignificant. As a result, residual values are not being taken into consideration for the computation of the depreciable amount.

Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

The carrying amount of property, plant and equipment is disclosed in *Note 5*.

#### (b) Measurement Of Right-of-use Assets And Lease Liabilities

The measurement of a lease liability and the corresponding right-of-use asset includes in- substance fixed payments, variable lease payments linked to an inflation-related index or rate, estimates of lease term, option to purchase, payments under residual value guarantee and penalties for early termination. The actual payments may not coincide with these estimates. The Company reassesses the lease liability for any change in the estimates and a corresponding adjustment is made to the right-of-use asset.

The carrying amounts of right-of-use asset and lease liabilities are disclosed in Notes 6 and Note 19.

#### (c) Income Taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimate. The Company and its subsidiaries recognise tax liabilities based on their understanding of the prevailing tax laws and estimate of whether such taxes will be due in the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax and deferred tax provisions in the period in which such determination is made.

The carrying amount of current tax asset of the Group is RM20,970 (2022: RM16,590).

The carrying amount of deferred tax asset is disclosed in Note 10.

# (d) <u>Provision For ECL Of Trade Receivables</u>

The Group and the Company adopted the simplified approach to calculate ECLs for trade receivables. For contract contracts, the Group assessed the risk of each customer individually based on their financial capability, past trend of payments and other external information relating to the customers that are publicly available.

The provision matrix is initially based on the Group's and the Company's historical observed default rates. The Group and the Company will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

# 4. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

#### (d) Provision For ECL Of Trade Receivables (Cont'd)

In determining the ECL, management uses its historical credit loss experience for trade receivables to estimate the ECL. Management is not only required to consider historical information that is adjusted to reflect the effects of current conditions and information that provides objective evidence that trade receivables are impaired in relation to incurred losses, but management is also considering, when applicable, reasonable and supportable information that may include forecasts of future economic conditions when estimating the ECL, on an individual and collective basis. The need to consider forward-looking information means that management exercises considerable judgement as to how changes in macroeconomic factors will affect the ECL on trade receivables

The carrying amount of provision for ECL of trade receivables is disclosed in Note 14.

#### (e) Contingent Liabilities

Determination of the treatment of contingent liabilities is based on management's view of the expected outcome of the contingencies after consulting internal and external experts to the Group for matters in the ordinary course of business.

## (f) Write Down of Inventories

Reviews are made periodically by management on damaged, obsolete and slow-moving inventories. These reviews require judgements and estimates. Possible changes in these estimates could result in revisions to the valuation of inventories.

The carrying amounts of inventories is disclosed in *Note* 8.

# 9. INVESTMENT IN SUBSIDIARIES (CONT'D)

Loans that are part of net investments represent amount owing by a subsidiary which is non- trade in nature, unsecured, and non-interest bearing. The settlement of the amount is neither planned nor likely to occur in the foreseeable future as it is the Company's intention to treat them as a long-term source of capital to a subsidiary. As this amount is, in substance, a part of the Company's net investment in the subsidiary, it is stated at cost less impairment loss, if any.

Details of the subsidiary companies are as follows:

# Impairment loss recognised

Impairment loss was provided for investment in subsidiaries in which these subsidiaries had accumulated losses and had deficits in their shareholders' equity. The forecasted financial position, financial performance and cash flows of these subsidiaries are not expected to generate sufficient recoverable amount to justify the carrying amount of the investment in these subsidiaries.

# 11. GOODWILL (CONT'D)

Group

The goodwill mainly arose from the acquisition of Syarikat Bukit Granite Sdn. Bhd. The amount of goodwill initially recognised was dependent upon the allocation of the purchase price to the fair value of the identifiable assets acquired and the liabilities assumed.

The carrying amount of the goodwill is assessed for impairment on an annual basis. The recoverable amount of the goodwill is determined based on the assessment of the value-in-use, using discounted cash flow forecast and projections based on financial budgets approved by the management.

## 27. INCOME TAX EXPENSE

Income tax is calculated based on the Malaysian statutory tax rate of 24% (2022: 24%) of the estimated assessable profits for the financial year. Taxation for other jurisdiction is calculated at the rate prevailing in the respective jurisdictions.

A reconciliation of income tax expense applicable to profit before taxation at the statutory income tax rate to income tax expense at the effective income tax rate is as follows:

## 31. OPERATING SEGMENTS

Operating segments are prepared in a manner consistent with the internal reporting provided to the Managing Director as chief operating decision maker in order to allocate resources to segments and to assess their performance. For management purposes, the Group is organised into business units based on their building materials, investment holding and property development.

The Group is organised into three main business segments as follows:

(a) Building materials

Involved in supply, delivery and installation of stone and tiling works.

(b) Investment holding

Involved in investment holding.

(c) Property development

Involved in property development activity.

For the purpose of making decisions about resource allocation, the Executive Director assesses the performance of the operating segments based on operating profits or losses which is measured differently from those disclosed in the financial statements.

The Managing Director is of the opinion that all inter-segment transactions are entered into in the normal course of business and are at arm's length basis in a manner similar to transactions with third parties. The effects of such inter-segment transactions are eliminated on consolidation.

# 33. FINANCIAL INSTRUMENTS

The Group's activities are exposed to interest rate risk, credit risk and liquidity and cash flow risks. The Group's and the Company's overall financial risk management objectives are to optimise value for their shareholders. The Group and the Company do not trade in derivatives instruments.

# (a) Financial Risk Management Policies

The Group's and the Company's financial risk management policies seek to ensure that adequate financial resources are available for the development of the Group's and the Company's businesses whilst managing each of these risks as summarised below:

## (i) Interest Rate Risk

Interest rate is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates.

The Company's exposure to interest rate risk arises mainly from its deposits placed with financial institutions and interest-bearing financial liabilities. The Company manages its interest-bearing deposits placement by placing such balances on varying maturities and interest rate returns. The Company's policies in dealing with interest bearing financial liabilities are to obtain the financing with the most favourable interest rates in the market.

Credit risk is the risk of financial loss to the Group and the Company that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's exposure to credit risk is primarily arises from its trade receivables and contract assets while the Company's exposure to credit risk primarily arises from amount owing by a subsidiary. The Group and the Company have a credit policy in place and the exposure to credit risk is managed through the application of credit approvals, credit limit and monitoring procedures. Credit quality of a customer is assessed based on an extensive credit rating scorecard and individual credit limits are defined in accordance with this assessment.

#### Trade receivables and contract assets

As at the end of the reporting period, the maximum exposure to credit risk arising from trade receivables and contract assets is represented by the carrying amounts in the statements of financial position. The carrying amount of trade receivables and contract assets are not secured by any collateral or supported by any other credit enhancements. In determining the recoverability of these receivables, the Group considers any change in the credit quality of the receivables from the date the credit was initially granted up to the reporting date. The Group has adopted a policy of dealing with creditworthy counterparties as a means of mitigating the risk of financial loss from defaults. The Company monitors the results of the subsidiaries in determining the recoverability of the intercompany balances.

# Concentration of credit risk

The Group determines the credit risk concentration of its trade receivables and contract assets by industry sector profile on an ongoing basis. The credit risk concentration profile of the Group's trade receivables and contract assets at the reporting date are as follows:

|   |         | 0000          | Group     | 0000          |   |
|---|---------|---------------|-----------|---------------|---|

## Recognition and measurement of impairment loss

The Group applies the simplified approach to providing for impairment losses prescribed by MFRS 9, which permits the use of the lifetime expected credit losses ("ECL") provision for trade receivables and contract assets. To measure the impairment losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The expected credit losses also incorporate forward looking information.

For contract contracts, the Group assessed the risk of each customer individually based on their financial capability, past trend of payments and other external information relating to the customers that are publicly available.

The table below provides information about the exposure on credit risk for trade receivables and contract assets as at 31 December 2023 and 2022:

|   | 2023<br>RM                  | Group<br>2022<br>RM         |
|---|-----------------------------|-----------------------------|
| Contract Assets Current (not past due)  | 408,865                     | 769,426                     |
| Trade Receivables Not past due Past due but not impaired: - more than 30 days - more than 60 days | 495,291<br>32,936<br>69,810 | 468,332<br>39,110<br>53,009 |
| - more than 90 days   | 1,995,496<br>2,593,533      | 2,013,476                   |
| Impaired  | 3,088,824<br>(1,700,178)    | 3,042,259<br>(1,532,933)    |
|   | 893,355                     | 1,040,994                   |

Trade receivables and contract assets that are neither past due nor impaired are creditworthy receivables with good payment records with the Group.

Trade receivables that are past due but not impaired are unsecured in nature. They are creditworthy receivables.

At the end of the reporting year, trade receivables that are individually impaired were those that have defaulted in payments. These receivables are not secured by any collateral or credit enhancement.

#### Other receivables and other financial assets

For other receivables and other financial assets (including cash and cash equivalents), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties. At the reporting date, the Group's and the Company's maximum exposures to credit risk arising from other financial assets is represented by the carrying amount of each class of financial assets recognised in the statements of financial position.

# 33. FINANCIAL INSTRUMENTS (CONT'D)

# (a) Financial Risk Management Policies (Cont'd)

## (ii) Credit Risk (Cont'd)

## Other receivables and other financial assets (Cont'd)

The Group and the Company consider the probability of default upon initial recognition of assets and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Group and the Company compare the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forward-looking information.

A significant increase in credit risk is presumed if a debtor is more than 30 days past due in making a contractual payment.

Some intercompany loans between entities with the Group are repayable on demand. For loans that are repayable on demand, impairment losses are assessed based on the assumption that repayment of the loan is determined at the reporting date. If the borrower does not have sufficient high liquid resources when the loan is demanded, the Group and the Company will consider the expected manner of recovery and recovery period of the intercompany loan.

## (iii) Liquidity and Cash Flow Risks

Liquidity and cash flow risks are the risks that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds.

The Group's and the Company's exposures to liquidity and cash flow risks arise mainly from trade and other payables and lease liabilities. The Group and the Company practise risk management by maintaining sufficient cash balances and the availability of funding through certain committed credit facilities.

The following tables set out the maturity profile of the financial liabilities as at the end of the reporting period based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on the rates at the end of the reporting period):

# (b) Capital Risk Management

The Group and the Company manage their capital to ensure that the Group and the Company will be able to maintain an optimal capital structure so as to support their businesses and maximise shareholders' value. To achieve this objective, the Group and the Company may make adjustments to the capital structure in view of changes in economic conditions, such as returning of capital to shareholders or issuing new shares.

The Group and the Company manage their capital based on debt-to-equity ratio. The debt- to-equity ratio is calculated as net debt divided by total equity. Net debt for the Group and the Company are calculated as trade and other payables plus accruals and lease liabilities less fixed deposits with a licensed bank and cash and bank balances.

The debt-to-equity ratios of the Group and of the Company as at the end of the financial year were as follows:

|   | Group                                 |                                       | C                       | ompany                  |

# (d) Fair Values of Financial Instruments

The carrying amounts of the financial assets and financial liabilities of the Group and of the Company reported in the financial statements approximated their fair values due to the relatively short-term nature of these financial instruments.

It was not practicable to estimate the fair value of the financial lease liabilities at fixed rate due to the lack of comparable quoted prices in an active market and the fair value cannot be reliably measured.

Fair value estimates are made at a specific point in time and based on relevant market information and information about the financial instruments. These estimates are subjective in nature, involve uncertainties and matters of significant judgement and therefore cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

# Fair Value Hierarchy

The fair value measurement hierarchies used to measure assets and liabilities carried at fair value in the statements of financial position as at 31 December 2023 are as follows:

- (i) Level 1 fair value is derived from quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- (ii) Level 2 fair value is estimated using inputs other than quoted prices included within Level 1 that are observable for the assets or liabilities, either directly or indirectly.
- (iii) Level 3 fair value is estimated using unobservable inputs for the assets and liabilities.

The rental is RM40,000 per month and the tenancy period is three (3) years from the commencement date with an option to renew for further one (1) year at a rental to be mutually agreed by both parties. The commencement date refers to a date within one (1) year from the date of the tenancy agreement or upon issuance of Certificate of Completion and Compliance for the temporary retail centre erected on the land, whichever is earlier.

# NOTICE OF ANNUAL GENERAL MEETING (Cont'd)

#### Notes: -

- 1. In respect of deposited securities, only members whose names appear in the Record of Depositors on 24 May 2024 (General Meeting Record of Depositors) shall be eligible to attend, speak and vote at the AGM.
- 2. A member shall be entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. A proxy may but need not be a member of the Company.
- 3. Where a member appoints more than one (1) proxy, the member shall specify the proportions of his/her shareholdings to be represented by each proxy failing which, the appointment shall be invalid.
- 4. Where a member is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.
- 5. To be valid, the original Proxy Form, duly completed and the power of attorney (if any) under which it is signed or a certified copy thereof must be deposited at the registered office of the Company at Lot 5, Level 10, Menara Great Eastern 2, No. 50, Jalan Ampang, 50450 Kuala Lumpur not less than forty-eight (48) hours before the time appointed for holding the AGM or at any adjournment thereof.
- 6. If the appointor is a corporation, the Proxy Form must be executed under its common seal or under the hand of an officer or attorney duly authorised.
- 7. Pursuant to Paragraph 8.29A(1) of the Main Market Listing Requirements of Bursa Securities, all resolutions set out in the Notice of AGM will be put to vote by way of poll.
- 8. <u>Audited Financial Statements for the financial year ended 31 December 2023</u>

The Audited Financial Statements for the financial year ended 31 December 2023 are laid in accordance with Section 340(1)(a) of the Companies Act 2016 for discussion only and do not require shareholders' approval. As such, this item will not be put for voting.

9. <u>Directors' Fees and Allowances (Resolution 1)</u>

Pursuant to Section 230(1) of the Act, the fees of the Directors and any benefits payable to the Directors of a listed company and its subsidiaries shall be approved at a general meeting. The proposed Directors' fees and allowance from 31 May 2024 until the next AGM of the Company takes into account the current size of the Board and the estimated number of Board and Board Committees' meetings to be held during the period.

10. Re-election of Directors (Resolutions 2 and 3)

The Board had through the Nomination Committee ("NC") carried out fit and proper assessment and noted that the retiring Directors have met the criteria as set out in the Directors' Fit and Proper Policy on character and integrity, experience and competence, time and commitment. The Board had also noted the Director Self and Peer Performance Evaluation conducted encompassing fit and proper assessment on the Directors of the Company and satisfied that the Directors including the retiring Directors have effectively discharge their duties as Directors of the Company.

11. Re-appointment of Auditors (Resolution 4)

The Board had through the Audit Committee performed annual evaluation on the performance, independence and objectivity of Messrs. SBY Partners PLT, the External Auditors for the financial year ended 31 December 2023, and was satisfied with the service and performance of the External Auditors for the financial year under review.

# NOTICE OF ANNUAL GENERAL MEETING (Cont'd)

## Notes: - (Cont'd)

## 12. Retention of Independent Non-Executive Director (Resolution 5)

Mr. Yeoh Chong Keat has served as an Independent Non-Executive Director of the Company for more than 9 years. The Board through the NC had reviewed and noted that all Independent Non-Executive Directors including Mr. Yeoh have fulfilled the independence criteria prescribed under the Listing Requirements and satisfied that there were no issues of independence in the Board.

#### 13. Authority for Directors to Issue Shares (Resolution 6)

This resolution, if passed, will empower the Directors of the Company to issue and allot new shares in the Company at any time and for such purposes as the Directors may, in their absolute discretion, deem fit ("General Mandate"), provided that the number of shares issued pursuant to the General Mandate, when aggregated with the number of shares issued during the preceding twelve (12) months, does not exceed 10% of the total number of issued shares of the Company at the time of issue. This authority, unless revoked or varied at a general meeting, will expire at the conclusion of the next AGM of the Company.

The General Mandate will provide flexibility to the Company to raise funds expeditiously for the purpose of funding future investments projects, working capital and/or corporate proposals including placement of shares without having to convene separate general meeting to seek shareholders' approval when such opportunities or needs arise.

The Company did not issue any new shares pursuant to the mandate obtained at the last annual general meeting of the Company.

# 14. Proposed Renewal of RRPT Mandate (Resolution 7)

This resolution, if passed, will renew the authority given to the Company and/or its subsidiaries to enter into recurrent related party transactions of a revenue or trading nature which are necessary for the day-to-day operations of the Group, particulars of which are set out in the Circular to Shareholders dated 30 April 2024 despatched together with this Annual Report. This authority, unless revoked or varied by the Company in a general meeting, will expire at the next AGM of the Company.

15. The Personal Data Protection Act 2010, which regulates the processing of personal data in commercial transactions, applies to the Company. By providing to the Company personal data which may include the name, contact details and mailing address, a member of the Company hereby consent, agree and authorise the processing and/ or disclosure of any personal data of or relating to the member for the purposes of issuing the notice of the AGM and convening the meeting (including any adjournment thereof), including but not limited to preparation and compilation of documents and other matters, whether or not supplied by the member. The member further confirms to have obtained the consent, agreement and authorisation of all persons whose personal data the member has disclosed and/ or processed in connection with the foregoing.

# STATEMENT ACCOMPANYING NOTICE OF THE 20TH ANNUAL GENERAL MEETING

No individual is standing for election as Director at the 20th AGM of the Company.

- 1. In respect of deposited securities, only members whose names appear in the Record of Depositors on 24 May 2024 (General Meeting Record of Depositors) shall be eligible to attend, speak and vote at the AGM.
- 2. A member shall be entitled to appoint not more than two (2) proxies to attend, speak and vote at the AGM. A proxy may but need not be a member of the Company.
- 3. Where a member appoints more than one (1) proxy, the member shall specify the proportions of his/her shareholdings to be represented by each proxy failing which, the appointment shall be invalid.
- 4. Where a member is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.
- 5. To be valid, the original Form of Proxy, duly completed and the power of attorney (if any) under which it is signed or a certified copy thereof must be deposited at the registered office of the Company at Lot 5, Level 10, Menara Great Eastern 2, No. 50, Jalan Ampang, 50450 Kuala Lumpur not less than forty-eight (48) hours before the time appointed for holding the AGM or at any adjournment thereof.
- 6. If the appointor is a corporation, the Form of Proxy must be executed under its common seal or under the hand of an officer or attorney duly authorised.
- 7. By submitting the duly executed Form of Proxy, the member and his/her proxy consent to the Company and/or its agents collecting, processing, using and disclosing the personal data therein in accordance with the Personal Data Protection Act 2010 for the purpose of the AGM and at any adjournment thereof
